EXECUTIVE SUMMARY
1. On 19Nov05 at approximately 0716, 1st Squad, 3rd Platoon, Kilo Company, 3rd Battalion (3BN), 1st Marine Division (MARDIV), I Marine Expeditionary Force (MEF) (3/1), and Iraqi Security Forces (ISF) members were traveling in a convoy on Route "Chestnut" in Haditha, Al Anbar Province, Iraq, when they received a complex attack (i.e., an attack wherein the enemy strikes in more than one manner). Specifically, the fourth High Mobility Multi-Wheel Vehicle (HMMWV) was struck by an improvised explosive device (IED) reportedly

followed by small arms fire (SAP) from the south. The complex attack resulted in one (1) friendly killed in action (FKIA) and friendlies wounded in action (FWIA). The Marines in the convoy immediately responded to the explosion by dismounting their vehicles, attending to the injured, and securing the perimeter. According to the Marines involved, they received SAF after the explosion. Consequently, they broke into fire teams, searched/cleared homes in the area, and identified detainees. Over a period of several hours, [b](6), [b](7)(C) and co-subjects' actions resulted in the deaths of twenty-four (24) Iraqi civilians and two (2) injured Iraqi children. In the evening hours of 19Nov05, Marines from 3/1 conducted a battle damage assessment (BDA) and transported the dead to the Haditha hospital morgue.

2. On 20Nov05, the 2d Marine Division issued a press release that reported the attack on 19Nov05 as resulting in the deaths of one (1) Marine, fifteen (15) Iraqi civilians, and eight (8) insurgents. On 10Feb06, a TIME magazine reporter contacted the Multi-National Corps-Iraq (MNC-I) regarding information he received from a Sunni-based group that alleged Marines from 3/1 wrongfully killed twenty-four (24) Iraqi civilians on 19Nov05. The Sunni group supported the allegation with video footage that contained images of the dead at the Haditha hospital morgue before the bodies were released to family members on 20Nov05.

3. On 14Feb06, Lieutenant General [b](6), [b](7)(C) USA, MNC-I directed a U.S. Army administrative inquiry (AR 15-6) and appointed COL [b](6), [b](7)(C) USA, as the Investigating Officer (IO). On 03Mar06, COL submitted the results of the investigation, revealing that as a result of the 19Nov05 incident, Iraqi civilians (men, women, and children) were killed. MNC-I in turn recommended further investigation by the Army’s Criminal Investigation Division (CID) or the Naval Criminal Investigative Service (NCIS).

4. On 12Mar06, Major General USMC, Commanding General, I MEF (Forward) and MNF-W, requested NCIS conduct a criminal investigation regarding the Iraqi civilians killed by Kilo Company Marines of 3/1 on 19Nov05. On 13Mar06, NCIS initiated the investigation and a team of agents traveled to the Forward Operating Base (FOB) Haditha Dam, Iraq.

5. On 17Mar06, Multi-National Force-Iraq (MNF-I) issued a press release announcing there would be a second AR 15-6 investigation regarding potential misconduct by the Marines after the IED attack in Haditha. On 19Mar06, Lieutenant General appointed Major General USA, as the IO for the second AR 15-6 investigation. Emphasis was to be on the training and preparation of the Marines prior to engagement and the reporting of information concerning 19Nov05 at all levels of the chain-of-command from patrol through MNF-W and MNC-I.

6. As reported under References (A)-(H), initial investigative efforts included a preliminary death scene examination; interviews, interrogations, re-interrogations of several 3/1 Marines; and
interviews of numerous Iraqi witnesses. The results of the foregoing investigative efforts are as follows:

a. IED BLAST: On 19Nov05 between 0700 and 0716, a[REDACTED]vehicle convoy of Kilo Company, 3/1, was ambushed in Haditha, Iraq, in a coordinated attack involving an IED and reported SAF while traveling with ISF personnel, killing one (1) Marine and wounding two (2).

b. TAXI (5 killed): Moments before the attack, the lead vehicle in the convoy motioned an approaching taxi to the side of the road. When the IED detonated soon thereafter, the Marines dismounted, prepared a defensive position, and began to render aid to the wounded. The taxi’s five (5) occupants exited the vehicle and according to U.S. and Iraqi witnesses, were shot by [REDACTED]as they stood, unarmed, next to the vehicle approximately ten (10) feet in front of him. [REDACTED]later told [REDACTED]who witnessed the shooting, to say, if questioned, that the Iraqis had attempted to flee and were shot by ISF personnel. [REDACTED]admits to shooting the five (5) bodies on the ground after [REDACTED]initially shot them. [REDACTED]advised [REDACTED]also walked over to the bodies and shot the five (5) Iraqi males again, while standing within a foot of them.

c. HOUSE #1 (6 killed): A quick reaction force (QRF), led by [REDACTED]USMC, arrived at the IED blast site within fifteen (15) minutes (between approximately 0715 - 0730). The QRF attended to the casualties and prepared to remove them from the scene. After receiving a report from [REDACTED]that SAF was observed coming from the vicinity of a nearby home (house #1), instructed a fire team to “take the house.” First, [REDACTED]fired rounds with a M203 grenade launcher toward house #1. Then a fire team consisting of [REDACTED]and [REDACTED]conducted a forced entry into house #1. All members of the fire team reported they were not receiving SAF upon their approach to house #1. [REDACTED]conducted a forced entry into house #1 and shot and killed an unarmed Iraqi adult male in the hallway. Certain members of the fire team reported hearing the sound of an AK-47 “racking” and two (2) fragmentation grenades were thrown into a room on the left, but only one (1) exploded. [REDACTED]then cleared a room on the right of the hallway, killing an unarmed Iraqi male adult. At that time, an unidentified Marine reportedly yelled that there was someone running from the house. This caused the fire team to cease the clearing operation and immediately exit house #1 toward house #2. [REDACTED]recalled the fire team later returned to house #1 with [REDACTED]who reportedly cleared a room by firing his 9mm pistol into it. Additionally, [REDACTED]advised he entered a room after [REDACTED]Shortly thereafter, both he and [REDACTED]shot approximately four (4) people, none of which were standing. [REDACTED]explained he shot these individuals because [REDACTED]shot them first and believed the entire house was “hostile.” The re-entry of house #1 reported by [REDACTED]is consistent with the accounts of both [REDACTED]and an Iraqi woman who survived the clearing/attack of house #1. Stated she fled the house in the brief period when the Marines initially departed toward house #2.

total of six (6) Iraqis were killed in house #1, including two (2)
women and one (1) child. No weapons were found.

d. HOUSE #2 (8 killed): Prior to entering house #2, an unarmed Iraqi
adult male was observed standing inside the front door of the house
facing out. This individual was shot and killed by [b](b)(6), (b)(7)(C)
who was reportedly told by (b)(6), (b)(7)(C) to treat the house as "hostile." Upon
entering the house, the fire team used three (3) fragmentation
grenades in two (2) unoccupied rooms but according to statements,
only two (2) of those exploded. [b](b)(6), (b)(7)(C) reported hearing
firing into a room and responded by joining him. Upon entering the
room, [b](b)(6), (b)(7)(C) stated he observed a body in the doorway, and then
positively identified an unarmed woman and children on or around the
bed before shooting. Similar to house #1, [b](b)(6), (b)(7)(C) stated he began
shooting because (b)(6), (b)(7)(C) had already engaged the individuals with
gunfire and he felt this meant there was a threat. A total of eight
(8) Iraqi civilians, including five (5) children, were killed. No
weapons were recovered in house #2.

e. OBSERVATION POST (1 killed): After houses #1 and #2 were cleared,
the fire team cleared two (2) additional unoccupied homes in the area
before moving to the observation post (OP) site. The OP was
established around 0830. Some members of the fire team posted
themselves on the rooftop of the OP. At approximately 0845, Marines
manning the OP reportedly observed an unarmed Iraqi male running on a
ridgeline in the vicinity of house #1. [b](b)(6), (b)(7)(C) and
[b](b)(6), (b)(7)(C) fired shot(s), killing the individual (later identified as
a household member of house #1). Some time later, the OP observed
one (1) or two (2) unidentified Iraqi males looking at them from
another nearby house, hereafter referred to as house #4. At
approximately 0945, [b](b)(6), (b)(7)(C), [b](b)(6), (b)(7)(C) and [b](b)(6), (b)(7)(C)
decided to approach the house and investigate.

f. HOUSE #3 (0 killed): The events surrounding houses #3 and #4 are
less clear as witness and survivor statements differ significantly
from those provided by the Marines. According to Marine accounts,
they approached houses #3 and #4 because they observed male(s)
outside of houses #3 and/or #4 watching them while the Marines were
at the OP. Prior to arriving at house #4, the Marines passed by
house #3 where the Marines reportedly encountered women and children.
The Marines stated they asked the women where the men were and the
women directed the Marines next door to house #4. Subsequently,
[b](b)(6), (b)(7)(C) remained at house #3 with the women while [b](b)(6), (b)(7)(C)
and [b](b)(6), (b)(7)(C) proceeded to house #4. In contrast, Iraqi witness
statements indicate that only a man, woman, and their fourteen-year-
old son occupied house #3. The Marines questioned the three (3)
family members of house #3 about the IED and about the occupants of
house #4. The three (3) Marines then reportedly removed the three
(3) family members and escorted them to the adjacent home, house #4.
According to Iraqi witnesses, an AK-47 was voluntarily retrieved from
house #3 after the Marines questioned them while standing in front of
house #4. No one was killed in house #3. According to Marines, no
weapons were recovered from house #3. However, the Iraqi witnesses
related one (1) AK-47 from house #3 was handed over to the Marines.
U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

. HOUSE #4 (4 killed); [b] (6), [b] (7), [c] reported entering house #4 and
encountering four (4) Iraqi males, at least one of which was armed
with an AK-47. [b] (6), [b] (7), [c] killed the armed Iraqi male when he
allegedly raised the weapon in the direction of [b] (6), [b] (7), [c] and
[b] (6), [b] (7), [c] Additionally, [b] (6), [b] (7), [c] reportedly shot and killed the
three (3) other men with his 9mm pistol in the clearing operation.
[b] (6), [b] (7), [c] subsequently shot into the four (4) bodies with his M-16
rifle. Iraqi witnesses/surviving family members from house #3 and #4
provide different accounts. The key difference surrounds the
Marines' approach to house #3 and interaction with the occupants of
house #4. Iraqi witnesses indicate the three (3) family members from
house #3 (one (1) adult male, one (1) adult female, and one (1)
teenage male) were escorted to an area in front of house #4. Shortly
thereafter, the occupants of house #4 (four (4) adult males, three
(3) adult females, and one (1) infant) were brought out of the house
to the same area in front of house #4. The Marines reportedly
separated four (4) of the adult males from the group of family
members and directed them into house #4. The remaining family
members were directed into house #3. Subsequently, the family
members in house #3 reported hearing shots fired in house #4 and
observed the Marines leaving the area. After the Marines departed,
family members reported finding the four (4) adult males dead in
house #4. Marine reports regarding the number of weapons recovered
from house #4 vary, ranging from one (1) to three (3) AK-47s. Iraqi
witness statements indicate that there was one (1) AK-47 in house #4
but said it was surrendered to the Marines after they questioned the
family members in front of house #4 (at or about the same time the
AK-47 from house #3 was provided to the Marines).

h. At approximately 1245, SGT [b] (6), [b] (7), [c] USMC, Human
Intelligence Exploitation Team (HET) arrived at the scene with the 2nd
QRF and began to collect potential intelligence, take photographs of
the deceased, and interview detainees.

i. During the late afternoon, Marines were directed to document the
scene and conduct what has been characterized as a BDA. LCPL [b] (6),
[b] (7), [c] USMC were instructed to mark/count and
take photographs of the deceased. These photographs were later
provided to Kilo Company’s Combat Operations Center (COC) where an
unidentified Marine reportedly downloaded them.

j. In the late evening hours, Marines removed the deceased from the
five (5) different locations (Route Chestnut, house #1, ridgeline,
house #2, and house #4) and loaded them into HMMWVs for
transportation to the Firnbase located within Haditha, and later to
the Haditha hospital morgue.

7. Since the submissions of References (A)-(H), investigative
efforts have included receipt of Regional Computer Forensic Lab
(RCFL) San Diego reports, contact with the United Kingdom Immigration
National Intelligence Unit regarding a potential Iraqi witness that
resides in the United Kingdom, and translation of an Iraqi Health
Report authored by the Iraqi Ministry of Health.

NARRATIVE

1. This investigation pertains to potential violations of Article 118 (Murder) and Article 81 (Conspiracy) of the Uniform Code of Military Justice (UCMJ). The remainder of this report outlines receipt of investigative documents and recent investigative actions.

2. On 05May06, SA [b](6), [b](7) advised NCIS Pacific Cyber Division met with civilian, and obtained an image of computer for forensic analysis. As previously reported in Reference (B), [b](6), [b](7) advised he had received photographic images of dead bodies from his friend, USMC. Subsequently, [b](6), [b](7) signed a Search Computer Equipment/Electronic Data form and provided consent for the imaging and search of his computer. Exhibit (529) pertains.

3. On 26Jun06, SA processed electronic mail (e-mail) data obtained from USMC, hotmail account which was related to the events that occurred in Haditha, Iraq on 19Nov05. SA found e-mails from media reporters, articles on the Haditha incident, and a Kilo Company holiday newsletter. SA documented the results of the examination in a Regional Computer Forensics Lab Examination Report. Exhibit (530) pertains.

4. During the course of Reference (F), on 29Oct06, civilian, a Fellow of the New America Foundation, Washington, DC, contacted, via e-mail, the Office of Communication, NCISHQ, Washington, DC, to report he had an Iraqi friend who was in possession of "evidence" that the United States does not have relative to the "Haditha incident." Through a series of e-mail dialogues/messages covering an approximately 4-week period, introduced NCIS Division Chief to his friend, civilian, who claimed he possessed information regarding the Haditha incident such as morgue reports, videotaped interviews of the medical staff from the Haditha hospital, and videotaped interviews of witnesses. reportedly sought to exchange such information for political asylum. Although several attempts were made to contact and arrange an interview, advised he was living in the United Kingdom and could not risk his life to assist NCIS with the investigation. As of 28Nov06, has not responded to NCIS inquiries and attempts to meet him. On 12Dec06, NCIS met with a representative of the United Kingdom Immigration National Intelligence Unit, confirmed status as a from Iraq currently. Exhibits (531) - (532) pertain.

5. As reported in Reference (E), Exhibit (469), NCIS received documents and a compact disc that LT COL, Chief, Operational Law Unit, MNF-I, had obtained from the Iraqi Minister of Human Rights (IMH). The documents consisted of an IMH report written in Arabic and copy of IMH report translated in English. For verification purposes, NCIS had an Arabic linguist with the Department of Defense Counterintelligence Field Activity (CIFA), review both reports and authenticate the English.

EXECUTIVE SUMMARY
1. On 19Nov05 at approximately 0716, 1st Squad, 3rd Platoon, Kilo Company, 3rd Battalion (3DBN), 1st Marine Division (MARDIV), I Marine Expeditionary Force (MEF) (3/1), and (b)(6) Iraqi Security Forces (ISF) members were traveling in a convoy on Route "Chestnut" in Haditha, Al Anbar Province, Iraq, when they received a complex attack (i.e., an attack wherein the enemy strikes in more than one manner).

Specifically, the fourth High Mobility Multi-Wheel Vehicle (HMMWV) was struck by an improvised explosive device (IED) reportedly followed by small arms fire (SAF) from the south. The complex attack resulted in one (1) friendly killed in action (FKIA) and (b)(7)(F)
friendlies wounded in action (FWIA). The Marines in the convoy immediately responded to the explosion by dismounting their vehicles, attending to the injured, and securing the perimeter. According to the Marines involved, they received SAF after the explosion. Consequently, they broke into fire teams, searched/cleared homes in the area, and identified detainees. Over a period of several hours, and co-subjects' actions resulted in the deaths of twenty-four (24) Iraqi civilians and two (2) injured Iraqi children. In the evening hours of 19Nov05, Marines from 3/1 conducted a battle damage assessment (BDA) and transported the dead to the Haditha hospital morgue.

2. On 20Nov05, the 2d Marine Division issued a press release that reported the attack on 19Nov05 as resulting in the deaths of one (1) Marine, fifteen (15) Iraqi civilians, and eight (8) insurgents. On 10Feb06, a TIME magazine reporter contacted the Multi-National Corps-Iraq (MNC-I) regarding information he received from a Sunni-based group that alleged Marines from 3/1 wrongfully killed twenty-four (24) Iraqi civilians on 19Nov05. The Sunni group supported the allegation with video footage that contained images of the dead at the Haditha hospital morgue before the bodies were released to family members on 20Nov05.

3. On 14Feb06, Lieutenant General USA, MNC-I directed a U.S. Army administrative inquiry (AR 15-6) and appointed USA, as the Investigating Officer (IO). On 03Mar06, COL submitted the results of the investigation, revealing that as a result of the 19Nov05 incident, Iraqi civilians (men, women, and children) were killed. MNC-I in turn recommended further investigation by the Army's Criminal Investigation Division (CID) or the Naval Criminal Investigative Service (NCIS).

4. On 12Mar06, Major General USMC, Commanding General, I MEF (Forward) and MNF-W, requested NCIS conduct a criminal investigation regarding the Iraqi civilians killed by Kilo Company Marines of 3/1 on 19Nov05. On 13Mar06, NCIS initiated the investigation and a team of agents traveled to the Forward Operating Base (FOB) Haditha Dam, Iraq.

5. On 17Mar06, Multi-National Force-Iraq (MNF-I) issued a press release announcing there would be a second AR 15-6 investigation regarding potential misconduct by the Marines after the IED attack in Haditha. On 19Mar06, Lieutenant General appointed Major General USA, as the IO for the second AR 15-6 investigation. Emphasis was to be on the training and preparation of the Marines prior to engagement and the reporting of information concerning 19Nov05 at all levels of the chain-of-command from patrol through MNF-W and MNC-I.

6. As reported under References (A)-(G), initial investigative efforts included a preliminary death scene examination; interviews, interrogations, re-interrogations of several 3/1 Marines; and interviews of numerous Iraqi witnesses. The results of the foregoing investigative efforts are as follows:
U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

a. IED BLAST: On 19Nov05 between 0700 and 0716, a [redacted] vehicle convoy of Kilo Company, 3/1, was ambushed in Haditha, Iraq, in a coordinated attack involving an IED and reported SAF while traveling with ISF personnel, killing one (1) Marine and wounding [redacted].

b. TAXI (5 killed): Moments before the attack, the lead vehicle in the convoy motioned an approaching taxi to the side of the road. When the IED detonated soon thereafter, the Marines dismounted, prepared a defensive position, and began to render aid to the wounded. The taxi's five (5) occupants exited the vehicle and according to U.S. and Iraqi witnesses, were shot by [redacted] as they stood, unarmed, next to the vehicle approximately ten (10) feet in front of him. [redacted] later told [redacted], who witnessed the shooting, to say, if questioned, that the Iraqis had attempted to flee and were shot by ISF personnel. [redacted] admits to shooting the five (5) bodies on the ground after [redacted] initially shot them. [redacted] also walked over to the bodies and shot the five (5) Iraqi males again, while standing within a foot of them.

c. HOUSE #1 (6 killed): A quick reaction force (QRF), led by [redacted] USMC, arrived at the IED blast site within fifteen (15) minutes (between approximately 0715 - 0730). The QRF attended to the casualties and prepared to remove them from the scene. After receiving a report from [redacted] and [redacted] that SAF was observed coming from the vicinity of a nearby home (house #1), instructed a fire team to “take the house.” First, [redacted] fired rounds with a M203 grenade launcher toward house #1. Then a fire team consisting of [redacted] conducted a forced entry into house #1. All members of the fire team reported they were not receiving SAF upon their approach to house #1. [redacted] conducted a forced entry into house #1 and shot and killed an unarmed Iraqi adult female in the hallway. Certain members of the fire team reported hearing the sound of an AK-47 “racking” and two (2) fragmentation grenades were thrown into a room on the left, but only one (1) exploded. [redacted] then cleared a room on the right of the hallway, killing an unarmed Iraqi male adult. At that time, an unidentified Marine reportedly yelled that there was someone running from the house. This caused the fire team to cease the clearing operation and immediately exit house #1 toward house #2. [redacted] recalled the fire team later returned to house #1 with [redacted] who reportedly cleared a room by firing his 9mm pistol into it. Additionally, [redacted] advised he entered a room after [redacted] shortly thereafter, both he and [redacted] shot approximately four (4) people, none of which were standing. [redacted] explained he shot these individuals because [redacted] shot them first and believed the entire house was “hostile.” The re-entry of house #1 reported by [redacted] is consistent with the accounts of both [redacted] and an Iraqi woman who survived the clearing/attack of house #1. Stated she fled the house in the brief period when the Marines initially departed toward house #2. A total of six (6) Iraqis were killed in house #1, including two (2) women and one (1) child. No weapons were found.

FOR OFFICIAL USE ONLY
d. HOUSE #2 (8 killed): Prior to entering house #2, an unarmed Iraqi adult male was observed standing inside the front door of the house facing out. This individual was shot and killed by [b](6), [b](7)(C) who was reportedly told by [b](6), [b](7)(C) to treat the house as "hostile." Upon entering the house, the fire team used three (3) fragmentation grenades in two (2) unoccupied rooms but according to statements, only two (2) of those exploded. [b](6), [b](7)(C) reported hearing [b](6), [b](7)(C) firing into a room and responded by joining him. Upon entering the room, [b](6), [b](7)(C) stated he observed a body in the doorway, and then positively identified an unarmed woman and children on or around the bed before shooting. Similar to house #1, [b](6), [b](7)(C) stated he began shooting because [b](6), [b](7)(C) had already engaged the individuals with gunfire and he felt this meant there was a threat. A total of eight (8) Iraqi civilians, including five (5) children, were killed. No weapons were recovered in house #2.

e. OBSERVATION POST (1 killed): After houses #1 and #2 were cleared, the fire team cleared two (2) additional unoccupied homes in the area before moving to the observation post (OP) site. The OP was established around 0830. Some members of the fire team posted themselves on the rooftop of the OP. At approximately 0845, Marines manning the OP reportedly observed an unarmed Iraqi male running on a ridge line in the vicinity of house #1. [b](6), [b](7)(C) fired shot(s), killing the individual (later identified as a household member of house #1). Some time later, the OP observed one (1) or two (2) unidentified Iraqi males looking at them from another nearby house, hereafter referred to as house #4. At approximately 0945, [b](6), [b](7)(C) and [b](6), [b](7)(C) decided to approach the house and investigate.

f. HOUSE #3 (0 killed): The events surrounding houses #3 and #4 are less clear as witness and survivor statements differ significantly from those provided by the Marines. According to Marine accounts, they approached houses #3 and #4 because they observed male(s) outside of houses #3 and/or #4 watching them while the Marines were at the OP. Prior to arriving at house #4, the Marines passed by house #3 where the Marines reportedly encountered women and children. The Marines stated they asked the women where the men were and the women directed the Marines next door to house #4. Subsequently, [b](6), [b](7)(C) remained at house #3 with the women while [b](6), [b](7)(C) and [b](6), [b](7)(C) proceeded to house #4. In contrast, Iraqi witness statements indicate that only a man, woman, and their fourteen-year-old son occupied house #3. The Marines questioned the three (3) family members of house #3 about the IED and about the occupants of house #4. The three (3) Marines then reportedly removed the three (3) family members and escorted them to the adjacent home, house #4. According to Iraqi witnesses, an AK-47 was voluntarily retrieved from house #3 after the Marines questioned them while standing in front of house #4. No one was killed in house #3. According to Marines, no weapons were recovered from house #3. However, the Iraqi witnesses related one (1) AK-47 from house #3 was handed over to the Marines.

g. HOUSE #4 (4 killed): [b](6), [b](7)(C) reported entering house #4 and encountering four (4) Iraqi males, at least one of which was armed

Page 5
U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

with an AK-47. [b](6), [b](7)(C) killed the armed Iraqi male when he allegedly raised the weapon in the direction of [b](6), [b](7)(C) and [b](6), [b](7)(C). Additionally, [b](6), [b](7)(C) reportedly shot and killed the three (3) other men with his 9mm pistol in the clearing operation. [b](6), [b](7)(C) subsequently shot into the four (4) bodies with his M-16 rifle. Iraqi witnesses/surviving family members from house #3 and #4 provide different accounts. The key difference surrounds the Marines' approach to house #3 and interaction with the occupants of house #4. Iraqi witnesses indicate the three (3) family members from house #3 (one (1) adult male, one (1) adult female, and one (1) teenage male) were escorted to an area in front of house #4. Shortly thereafter, the occupants of house #4 (four (4) adult males, three (3) adult females, and one (1) infant) were brought out of the house to the same area in front of house #4. The Marines reportedly separated four (4) of the adult males from the group of family members and directed them into house #4. The remaining family members were directed into house #3. Subsequently, the family members in house #3 reported hearing shots fired in house #4 and observed the Marines leaving the area. After the Marines departed, family members reported finding the four (4) adult males dead in house #4. Marine reports regarding the number of weapons recovered from house #4 vary, ranging from one (1) to three (3) AK-47s. Iraqi witness statements indicate that there was one (1) AK-47 in house #4 but said it was surrendered to the Marines after they questioned the family members in front of house #4 (at or about the same time the AK-47 from house #3 was provided to the Marines).

h. At approximately 1245, SGT [b](6), [b](7)(C) USMC, Human Intelligence Exploitation Team (HET) arrived at the scene with the 2nd QRF and began to collect potential intelligence, take photographs of the deceased, and interview detainees.

i. During the late afternoon, Marines were directed to document the scene and conduct what has been characterized as a BDA. LCPL [b](6), [b](7)(C) USMC were instructed to mark/count and take photographs of the deceased. These photographs were later provided to Kilo Company's Combat Operations Center (COC) where an unidentified Marine reportedly downloaded them.

j. In the late evening hours, Marines removed the deceased from the five (5) different locations (Route Chestnut, house #1, ridgeline, house #2, and house #4) and loaded them into HMMWVs for transportation to the Firmbase located within Haditha, and later to the Haditha hospital morgue.

7. Since the submission of References (A)-(G), investigative efforts have included receipt of reports regarding the re-interviews of 3/1 Marines.

NARRATIVE

1. This investigation pertains to potential violations of Article 118 (Murder) and Article 81 (Conspiracy) of the Uniform Code of Military Justice (UCMJ). The remainder of this report outlines the re-interviews of Marines.
7. All significant investigative activity has been completed. Efforts to obtain permission for exhumation of the victims' remains are being led by MNF-I. This investigation is pending review for prosecutorial merit and potential adjudication. Command has been fully briefed regarding the status of this investigation.

EXECUTIVE SUMMARY
1. On 19Nov05 at approximately 0716, 1st Squad, 3rd Platoon, Kilo Company, 3rd Battalion (3DBN), 1st Marine Division (MARDIV), I Marine Expeditionary Force (MEF) (3/1), and Iraqi Security Forces (ISF) members were traveling in a convoy on Route "Chestnut" in Haditha, Al Anbar Province, Iraq, when they received a complex attack (i.e., an attack wherein the enemy strikes in more than one manner). Specifically, the fourth High Mobility Multi-Wheel Vehicle (HMMWV) was struck by an improvised explosive device (IED) reportedly followed by small arms fire (SAF) from the south. The complex attack resulted in one (1) friendly killed in action (FKIA) and two (2) friendly wounded in action (FWIA). The Marines in the convoy immediately responded to the explosion by dismantling their vehicles, attending to the injured, and securing the perimeter. According to the Marines involved, they received SAF after the explosion. Consequently, they broke into fire teams, searched/cleared homes in the area, and identified detainees. Over a period of several hours, (b)(6), (b)(7)(C) and co-subjects' actions resulted in the deaths of twenty-four (24) Iraqi civilians and two (2) injured Iraqi children. In the evening hours of 19Nov05, Marines from 3/1 conducted a battle damage assessment (BDA) and transported the dead to the Haditha hospital.

morgue.

2. On 20Nov05, the 2d Marine Division issued a press release that reported the attack on 19Nov05 as resulting in the deaths of one (1) Marine, fifteen (15) Iraqi civilians, and eight (8) insurgents. On 10Feb06, a TIME magazine reporter contacted the Multi-National Corps-Iraq (MNC-I) regarding information he received from a Sunni-based group that alleged Marines from 3/1 wrongfully killed twenty-four (24) Iraqi civilians on 19Nov05. The Sunni group supported the allegation with video footage that contained images of the dead at the Haditha hospital morgue before the bodies were released to family members on 20Nov05.

3. On 14Feb06, Lieutenant General [b](6),[b](7)C USA, MNC-I directed a U.S. Army administrative inquiry (AR 15-6) and appointed [b](6),[b](7)C USA, as the Investigating Officer (IO). On 03Mar06, [b](6),[b](7)C submitted the results of the investigation, revealing that as a result of the 19Nov05 incident, Iraqi civilians (men, women, and children) were killed. MNC-I in turn recommended further investigation by the Army’s Criminal Investigation Division (CID) or the Naval Criminal Investigative Service (NCIS).

4. On 12Mar06, Major General [USMC], Commanding General, I MEF (Forward) and MNF-W, requested NCIS conduct a criminal investigation regarding the Iraqi civilians killed by Kilo Company Marines of 3/1 on 19Nov05. On 13Mar06, NCIS initiated the investigation and a team of agents traveled to the Forward Operating Base (FOB) Haditha Dam, Iraq.

5. On 17Mar06, Multi-National Force-Iraq (MNF-I) issued a press release announcing there would be a second AR 15-6 investigation regarding potential misconduct by the Marines after the IED attack in Haditha. On 19Mar06, Lieutenant General appointed Major General [USMC], as the IO for the second AR 15-6 investigation. Emphasis was to be on the training and preparation of the Marines prior to engagement and the reporting of information concerning 19Nov05 at all levels of the chain-of-command from patrol through MNF-W and MNC-I.

6. As reported under References (A)-(F), initial investigative efforts included a preliminary death scene examination; interviews, interrogations, re-interrogations of several 3/1 Marines; and interviews of numerous Iraqi witnesses. The results of the foregoing investigative efforts are as follows:

a. IED BLAST: On 19Nov05 between 0700 and 0716, a four-vehicle convoy of Kilo Company, 3/1, was ambushed in Haditha, Iraq, in a coordinated attack involving an IED and reported SAF while traveling with ISF personnel, killing one (1) Marine and wounding two (2).

b. TAXI (5 killed): Moments before the attack, the lead vehicle in the convoy motioned an approaching taxi to the side of the road. When the IED detonated soon thereafter, the Marines dismounted, prepared a defensive position, and began to render aid to the wounded. The taxi’s five (5) occupants exited the vehicle and...
according to U.S. and Iraqi witnesses, were shot by [b][6],[b][7][C] as they stood, unarmed, next to the vehicle approximately ten (10) feet in front of him. [b][6],[b][7][C] later told [b][6],[b][7][C] who witnessed the shooting, to say, if questioned, that the Iraqis had attempted to flee and were shot by ISF personnel. [b][6],[b][7][C] admits to shooting the five (5) bodies on the ground after initially shot them. [b][6],[b][7][C] advised [b][6],[b][7][C] also walked over to the bodies and shot the five (5) Iraqi males again, while standing within a foot of them.

c. HOUSE #1 (6 killed): A quick reaction force (QRF), led by [b][6],[b][7][C] USMC, arrived at the IED blast site within fifteen (15) minutes (between approximately 0715 - 0730). The QRF attended to the casualties and prepared to remove them from the scene. After receiving a report from [b][6],[b][7][C] and [b][6],[b][7][C] that SAF was observed coming from the vicinity of a nearby home (house #1), instructed a fire team to "take the house." First, [b][6],[b][7][C] fired rounds with a M203 grenade launcher toward house #1. Then a fire team consisting of [b][6],[b][7][C] and [b][6],[b][7][C] conducted a forced entry into house #1. All members of the fire team they were not receiving SAF upon their approach to house #1. [b][6],[b][7][C] conducted a forced entry into house #1 and shot and killed [b][6],[b][7][C] unarmed Iraqi adult female in the hallway. Certain members of the fire team reported hearing the sound of an AK-47 "racking" and two (2) fragmentation grenades were thrown into a room on the left, but only one (1) exploded. [b][6],[b][7][C] then cleared a room on the right of the hallway, killing an unarmed Iraqi male adult. At that time, an unidentified Marine reportedly yelled that there was someone running from the house. This caused the fire team to cease the clearing operation and immediately exit house #1 toward house #2. [b][6],[b][7][C] recalled the fire team later returned to house #1 with [b][6],[b][7][C] who reportedly cleared a room by firing his 9mm pistol into it. Additionally, [b][6],[b][7][C] advised he entered a room after [b][6],[b][7][C] Shortly thereafter, both he and [b][6],[b][7][C] shot approximately four (4) people, none of which were standing. [b][6],[b][7][C] explained he shot these individuals because [b][6],[b][7][C] shot first and believed the entire house was "hostile." The re-entry of house #1 reported by [b][6],[b][7][C] is consistent with the accounts of both [b][6],[b][7][C] and an [b][6],[b][7][C] woman who survived the clearing/attack of house #1. stated she fled the house in the brief period when the Marines initially departed toward house #2. A total of six (6) Iraqis were killed in house #1, including two (2) women and one (1) child. No weapons were found.

d. HOUSE #2 (8 killed): Prior to entering house #2, an unarmed Iraqi adult male was observed standing inside the front door of the house facing out. This individual was shot and killed by [b][6],[b][7][C] who was reportedly told by [b][6],[b][7][C] to treat the house as "hostile." Upon entering the house, the fire team used three (3) fragmentation grenades in two (2) unoccupied rooms but according to statements, only two (2) of those exploded. [b][6],[b][7][C] reported hearing [b][6],[b][7][C] firing into a room and responded by joining him. Upon entering the room, [b][6],[b][7][C] stated he observed a body in the doorway, and then positively identified an unarmed woman and children on or around the bed before shooting. Similar to house #1, [b][6],[b][7][C] stated he began

shooting because [(b)(6). (b)(7)(C)] had already engaged the individuals with gunfire and he felt this meant there was a threat. A total of eight (8) Iraqi civilians, including five (5) children, were killed. No weapons were recovered in house #2.

e. OBSERVATION POST (1 killed): After houses #1 and #2 were cleared, the fire team cleared two (2) additional unoccupied homes in the area before moving to the observation post (OP) site. The OP was established around 0830. Some members of the fire team posted themselves on the rooftop of the OP. At approximately 0845, Marines manning the OP reportedly observed an unarmed Iraqi male running on a ridgeline in the vicinity of house #1. [(b)(6). (b)(7)(C)] and [(b)(6). (b)(7)(C)] fired shot(s), killing the individual (later identified as a household member of house #1). Some time later, the OP observed one (1) or two (2) unidentified Iraqi males looking at them from another nearby house, hereafter referred to as house #4. At approximately 0945, [(b)(6). (b)(7)(C)] [(b)(6). (b)(7)(C)] and [(b)(6). (b)(7)(C)] decided to approach the house and investigate.

f. HOUSE #3 (0 killed): The events surrounding houses #3 and #4 are less clear as witness and survivor statements differ significantly from those provided by the Marines. According to Marine accounts, they approached houses #3 and #4 because they observed male(s) outside of houses #3 and/or #4 watching them while the Marines were at the OP. Prior to arriving at house #4, the Marines passed by house #3 where the Marines reportedly encountered women and children. The Marines stated they asked the women where the men were and the women directed the Marines next door to house #4. Subsequently, [(b)(6). (b)(7)(C)] remained at house #3 with the women while [(b)(6). (b)(7)(C)] and [(b)(6). (b)(7)(C)] proceeded to house #4. In contrast, Iraqi witness statements indicate that only a man, woman, and their fourteen year-old son occupied house #3. The Marines questioned the three (3) family members of house #3 about the IBD and about the occupants of house #4. The three (3) Marines then reportedly removed the three (3) family members and escorted them to the adjacent home, house #4. According to Iraqi witnesses, an AK-47 was voluntarily retrieved from house #3 after the Marines questioned them while standing in front of house #4. No one was killed in house #3. According to Marines, no weapons were recovered from house #3. However, the Iraqi witnesses related one (1) AK-47 from house #3 was handed over to the Marines.

g. HOUSE #4 (4 killed): [(b)(6). (b)(7)(C)] reported entering house #4 and encountering four (4) Iraqi males, at least one of which was armed with an AK-47. [(b)(6). (b)(7)(C)] killed the armed Iraqi male when he allegedly raised the weapon in the direction of [(b)(6). (b)(7)(C)] and [(b)(6). (b)(7)(C)]. Additionally, [(b)(6). (b)(7)(C)] reportedly shot and killed the three (3) other men with his 9mm pistol in the clearing operation. [(b)(6). (b)(7)(C)] subsequently shot into the four (4) bodies with his M-16 rifle. Iraqi witnesses/surviving family members from house #3 and #4 provide different accounts. The key difference surrounds the Marines' approach to house #3 and interaction with the occupants of house #4. Iraqi witnesses indicate the three (3) family members from house #3 (one (1) adult male, one (1) adult female, and one (1) teenage male) were escorted to an area in front of house #4. Shortly thereafter, the occupants of house #4 (four (4) adult males, three...

(3) adult females, and one (1) infant) were brought out of the house to the same area in front of house #4. The Marines reportedly separated four (4) of the adult males from the group of family members and directed them into house #4. The remaining family members were directed into house #3. Subsequently, the family members in house #3 reported hearing shots fired in house #4 and observed the Marines leaving the area. After the Marines departed, family members reported finding the four (4) adult males dead in house #4. Marine reports regarding the number of weapons recovered from house #4 vary, ranging from one (1) to three (3) AK-47s. Iraqi witness statements indicate that there was one (1) AK-47 in house #4 but said it was surrendered to the Marines after they questioned the family members in front of house #4 (at or about the same time the AK-47 from house #3 was provided to the Marines).

h. At approximately 1245, SGT USMC, Human Intelligence Exploitation Team (HET) arrived at the scene with the 2nd QRF and began to collect potential intelligence, take photographs of the deceased, and interview detainees.

i. During the late afternoon, Marines were directed to document the scene and conduct what has been characterized as a Battle Damage Assessment (BDA). LCPL USMC were instructed to mark/count and take photographs of the deceased. These photographs were later provided to Kilo Company’s Combat Operations Center (COC) where an unidentified Marine reportedly downloaded them.

j. In the late evening hours, Marines removed the deceased from the five (5) different locations (Route Chestnut, house #1, ridgeline, house #2, and house #4) and loaded them into HMMWVs for transportation to the Firmbase located within Haditha, and later to the Haditha hospital morgue.

7. Since the submission of References (A)-(F), investigative efforts have included receipt of reports for electronic media seized from witnesses, re-interviews of 3/1 Marines, and receipt of the Bureau of Alcohol Tobacco and Firearm’s (ATF) report on their analysis of the fire damage in house #1.

NARRATIVE

1. This investigation pertains to potential violations of Article 118 (Murder) and Article 81 (Conspiracy) of the Uniform Code of Military Justice (UCMJ).

2. During the course of Reference (F), on 29OCT06, Civilian, a Fellow of the New America Foundation, Washington, DC, contacted, via electronic mail (e-mail), the Office of Communication, NCIS HQ, Washington, DC, to report he had an Iraqi friend who was in possession of "evidence" that the United States does not have relative to the "Haditha incident." Through a series of e-mail dialogues/messages covering an approximately 4-week period, introduced Reporting Agent (RA) to his friend, Civilian, who claimed he possesses:

members were traveling in a convoy on Route "Chestnut" in Haditha, Al Anbar Province, Iraq, when they received a complex attack (i.e., an attack wherein the enemy strikes in more than one manner). Specifically, the fourth High Mobility Multi-Wheel Vehicle (HMMWV) was struck by an improvised explosive device (IED) reportedly followed by small arms fire (SAF) from the south. The complex attack resulted in one (1) friendly killed in action (FKIA) and friendly wounded in action (FWIA). The Marines in the convoy immediately responded to the explosion by dismounting their vehicles, attending to the injured, and securing the perimeter. According to the Marines involved, they received SAF after the explosion. Consequently, they broke into fire teams, searched/cleared homes in the area, and identified detainees. Over a period of several hours, and co-subjects' actions resulted in the deaths of twenty-four (24) Iraqi civilians and two (2) injured Iraqi children. In the evening hours of 19Nov05, Marines from 3/1 conducted a battle damage assessment (BDA) and transported the dead to the Haditha hospital morgue.

2. On 20Nov05, the 2d Marine Division issued a press release that reported the attack on 19Nov05 as resulting in the deaths of one (1) Marine, fifteen (15) Iraqi civilians, and eight (8) insurgents. On 10Feb06, a TIME magazine reporter contacted the Multi-National Corps-Iraq (MNC-I) regarding information he received from a Sunni-based group that alleged Marines from 3/1 wrongfully killed twenty-four (24) Iraqi civilians on 19Nov05. The Sunni group supported the allegation with video footage that contained images of the dead at the Haditha hospital morgue before the bodies were released to family members on 20Nov05.

3. On 14Feb06, Lieutenant General USA, MNC-I directed a U.S. Army administrative inquiry (AR 15-6) and appointed USA, as the Investigating Officer (IO). On 03Mar06, CO submitted the results of the investigation, revealing that as a result of the 19Nov05 incident, Iraqi civilians (men, women, and children) were killed. MNC-I in turn recommended further investigation by the Army's Criminal Investigation Division (CID) or the Naval Criminal Investigative Service (NCIS).

4. On 12Mar06, Major General USMC, Commanding General, I MEF (Forward) and MNF-W, requested NCIS conduct a criminal investigation regarding the Iraqi civilians killed by Kilo Company Marines of 3/1 on 19Nov05. On 13Mar06, NCIS initiated the investigation and a team of agents traveled to the Forward Operating Base (FOB) Haditha Dam, Iraq.

5. On 17Mar06, Multi-National Force-Iraq (MNF-I) issued a press release announcing there would be a second AR 15-6 investigation regarding potential misconduct by the Marines after the IED attack in Haditha. On 19Mar06, Lieutenant General appointed Major General USA, as the IO for the second AR 15-6 investigation. Emphasis was to be on the training and preparation of the Marines prior to engagement and the reporting of information concerning 19Nov05 at all levels of the chain-of-command from patrol.
6. As reported under References (A)-(F), initial investigative efforts included a preliminary death scene examination; interviews, interrogations, re-interrogations of several 3/1 Marines; and interviews of numerous Iraqi witnesses. The results of the foregoing investigative efforts are as follows:

a. IED BLAST: On 19Nov05 between 0700 and 0716, a vehicle convoy of Kilo Company, 3/1, was ambushed in Haditha, Iraq, in a coordinated attack involving an IED and reported SAF while traveling with ISF personnel, killing one (1) Marine and wounding

b. TAXI (5 killed): Moments before the attack, the lead vehicle in the convoy motioned an approaching taxi to the side of the road. When the IED detonated soon thereafter, the Marines dismounted, prepared a defensive position, and began to render aid to the wounded. The taxi's five (5) occupants exited the vehicle and according to U.S. and Iraqi witnesses, were shot by as they stood, unarmed, next to the vehicle approximately ten (10) feet in front of him. later told who witnessed the shooting, to say, if questioned, that the Iraqis had attempted to flee and were shot by ISF personnel. admits to shooting the five (5) bodies on the ground after initially shot them. also walked over to the bodies and shot the five (5) Iraqi males again, while standing within a foot of them.

c. HOUSE #1 (6 killed): A quick reaction force (QRF), led by USMC, arrived at the IED blast site within fifteen (15) minutes (between approximately 0715 - 0730). The QRF attended to the casualties and prepared to remove them from the scene. After receiving a report from that SAF was observed coming from the vicinity of a nearby home (house #1), instructed a fire team to "take the house." First, fired rounds with a M203 grenade launcher toward house #1. then a fire team consisting of and conducted a forced entry into house #1. All members of the fire team reported they were not receiving SAF upon their approach to house #1. conducted a forced entry into house #1 and shot and killed an unarmed Iraqi adult female in the hallway. Certain members of the fire team reported hearing the sound of an AK-47 "racking" and two (2) fragmentation grenades were thrown into a room on the left, but only one (1) exploded. then cleared a room on the right of the hallway, killing an unarmed Iraqi male adult. At that time, an unidentified Marine reportedly yelled that there was someone running from the house. This caused the fire team to cease the clearing operation and immediately exit house #1 toward house #2. recalled the fire team later returned to house #1 with who reportedly cleared a room by firing his 9mm pistol into it. Additionally, advised he entered a room after Shortly thereafter, both he and shot approximately four (4) people, none of which were standing. explained he shot these individuals because they shot them first and believed the

FOR OFFICIAL USE ONLY
The entire house was "hostile." The re-entry of house #1 reported by (b)(6), (b)(7)(C) is consistent with the accounts of both (b)(6), (b)(7)(C) and an Iraqi woman (b)(6), (b)(7)(C) who survived the clearing/attack of house #1. (b)(6), (b)(7)(C) stated she fled the house in the brief period when the Marines initially departed toward house #2. A total of six (6) Iraqis were killed in house #1, including two (2) women and one (1) child. No weapons were found.

d. HOUSE #2 (8 killed): Prior to entering house #2, an unarmed Iraqi adult male was observed standing inside the front door of the house facing out. This individual was shot and killed by (b)(6), (b)(7)(C) who was reportedly told by (b)(6), (b)(7)(C) to treat the house as "hostile." Upon entering the house, the fire team used three (3) fragmentation grenades in two (2) unoccupied rooms but according to statements, only two (2) of those exploded. (b)(6), (b)(7)(C) reported hearing firing into a room and responded by joining him. Upon entering the room, (b)(6), (b)(7)(C) stated he observed a body in the doorway, and then positively identified an unarmed woman and children on or around the bed before shooting. Similar to house #1, (b)(6), (b)(7)(C) stated he began shooting because (b)(6), (b)(7)(C) had already engaged the individuals with gunfire and he felt this meant there was a threat. A total of eight (8) Iraqi civilians, including five (5) children, were killed. No weapons were recovered in house #2.

e. OBSERVATION POST (1 killed): After houses #1 and #2 were cleared, the fire team cleared two (2) additional unoccupied homes in the area before moving to the observation post (OP) site. The OP was established around 0830. Some members of the fire team posted themselves on the rooftop of the OP. At approximately 0845, Marines manning the OP reportedly observed an unarmed Iraqi male running on a ridgeline in the vicinity of house #1. (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C) fired shot(s), killing the individual (later identified as a household member of house #1). Some time later, the OP observed one (1) or two (2) unidentified Iraqi males looking at them from another nearby house, hereafter referred to as house #4. At approximately 0945, (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C) decided to approach the house and investigate.

f. HOUSE #3 (0 killed): The events surrounding houses #3 and #4 are less clear as witness and survivor statements differ significantly from those provided by the Marines. According to Marine accounts, they approached houses #3 and #4 because they observed male(s) outside of houses #3 and/or #4 watching them while the Marines were at the OP. Prior to arriving at house #4, the Marines passed by house #3 where the Marines reportedly encountered women and children. The Marines stated they asked the women where the men were and the women directed the Marines next door to house #4. Subsequently, (b)(6), (b)(7)(C) remained at house #3 with the women while (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C) proceeded to house #4. In contrast, Iraqi witness statements indicate that only a man, woman, and their fourteen year-old son occupied house #3. The Marines questioned the three (3) family members of house #3 about the IED and about the occupants of house #4. The three (3) Marines then reportedly removed the three (3) family members and escorted them to the adjacent home, house #4.

According to Iraqi witnesses, an AK-47 was voluntarily retrieved from house #3 after the Marines questioned them while standing in front of house #4. No one was killed in house #3. According to Marines, no weapons were recovered from house #3. However, the Iraqi witnesses related that one (1) AK-47 from house #3 was handed over to the Marines.

g. HOUSE #4 (4 killed): [(b)(6), (b)(7)(C)] reported entering house #4 and encountering four (4) Iraqi males, at least one of which was armed with an AK-47. [(b)(6), (b)(7)(C)] killed the armed Iraqi male when he allegedly raised the weapon in the direction of [(b)(6), (b)(7)(C)] and [(b)(6), (b)(7)(C)]. Additionally, [(b)(6), (b)(7)(C)] reportedly shot and killed the three (3) other men with his 9mm pistol in the clearing operation. [(b)(6), (b)(7)(C)] subsequently shot into the four (4) bodies with his M-16 rifle. Iraqi witnesses/surviving family members from house #3 and #4 provide different accounts. The key difference surrounds the Marines' approach to house #3 and interaction with the occupants of house #4. Iraqi witnesses indicate the three (3) family members from house #3 (one (1) adult male, one (1) adult female, and one (1) teenage male) were escorted to an area in front of house #4. Shortly thereafter, the occupants of house #4 (four (4) adult males, three (3) adult females, and one (1) infant) were brought out of the house to the same area in front of house #4. The Marines reportedly separated four (4) of the adult males from the group of family members and directed them into house #4. The remaining family members were directed into house #3. Subsequently, the family members in house #3 reported hearing shots fired in house #4 and observed the Marines leaving the area. After the Marines departed, family members reported finding the four (4) adult males dead in house #4. Marine reports regarding the number of weapons recovered from house #4 vary, ranging from one (1) to three (3) AK-47s. Iraqi witness statements indicate that there was one (1) AK-47 in house #4 but said it was surrendered to the Marines after they questioned the family members in front of house #4 (at or about the same time the AK-47 from house #3 was provided to the Marines).

h. At approximately 1245, SGT [(b)(6), (b)(7)(C)] USMC, Human Intelligence Exploitation Team (HET) arrived at the scene with the 2nd QRF and began to collect potential intelligence, take photographs of the deceased, and interview detainees.

i. During the late afternoon, Marines were directed to document the scene and conduct what has been characterized as a BDA. LCPL [(b)(6), (b)(7)(C)] USMC were instructed to mark/count and take photographs of the deceased. These photographs were later provided to Kilo Company's Combat Operations Center (COC) where an unidentified marine reportedly downloaded them.

j. In the late evening hours, Marines removed the deceased from the five (5) different locations (Route Chestnut, house #1, ridgeline, house #2, and house #4) and loaded them into HMMWVs for transportation to the Firbase located within Haditha, and later to the Haditha hospital morgue.

7. Since the submission of References (A)-(F), investigative efforts have included receipt of reports for the forensic reconstruction and

EXECUTIVE SUMMARY

1. On 19Nov05 at approximately 0716, 1st Squad, 3rd Platoon, Kilo Company, 3rd Battalion (3DBN), 1st Marine Division (MARDIV), I Marine Expeditionary Force (MEF) (3/1), and Iraqi Security Forces (ISF) members were traveling in a convoy on Route "Chestnut" in Haditha, Al Anbar Province, Iraq, when they received a complex attack (i.e., an attack wherein the enemy strikes in more than one manner). Specifically, the fourth High Mobility Multi-Wheel Vehicle (HMMWV) was struck by an improvised explosive device (IED) reportedly followed by small arms fire (SAF) from the south. The complex attack resulted in one (1) friendly killed in action (FKIA) and (b)(7)(F) friendly wounded in action (FWIA). The Marines in the convoy immediately responded to the explosion by dismounting their vehicles, attending to the injured, and securing the perimeter. According to the Marines involved, they received SAF after the explosion. Consequently, they broke into fire teams, searched/cleared homes in the area, and identified detainees. Over a period of several hours, and co-subjects' actions resulted in the deaths of twenty-four (24) Iraqi civilians and two (2) injured Iraqi children. In the evening hours of 19Nov05, Marines from 3/1 conducted a battle damage assessment (BDA) and transported the dead to the Haditha hospital morgue.

2. On 20Nov05, the 2d Marine Division issued a press release that reported the attack on 19Nov05 as resulting in the deaths of one (1) Marine, fifteen (15) Iraqi civilians, and eight (8) insurgents. On 10Feb06, a TIME magazine reporter contacted the Multi-National Corps-Iraq (MNC-I) regarding information he received from a Sunni-based group that alleged Marines from 3/1 wrongfully killed twenty-four (24) Iraqi civilians on 19Nov05. The Sunni group supported the
allegation with video footage that contained images of the dead at the Haditha hospital morgue before the bodies were released to family members on 20Nov05.

3. On 14Feb06, Lieutenant General USA, MNC-I directed a U.S. Army administrative inquiry (AR 15-6) and appointed COL USA, as the Investigating Officer (IO). On 03Mar06, COL submitted the results of the investigation, revealing that as a result of the 19Nov05 incident, Iraqi civilians (men, women, and children) were killed. MNC-I in turn recommended further investigation by the Army’s Criminal Investigation Division (CID) or the Naval Criminal Investigative Service (NCIS).

4. On 12Mar06, Major General USMC, Commanding General, I MEF (Forward) and MNF-W, requested NCIS conduct a criminal investigation regarding the Iraqi civilians killed by Kilo Company Marines of 3/1 on 19Nov05. On 13Mar06, NCIS initiated the investigation and a team of agents traveled to the Forward Operating Base (FOB) Haditha Dam, Iraq.

5. On 17Mar06, Multi-National Force-Iraq (MNF-I) issued a press release announcing there would be a second AR 15-6 investigation regarding potential misconduct by the Marines after the IED attack in Haditha. On 19Mar06, Lieutenant General appointed Major General USA, as the IO for the second AR 15-6 investigation. Emphasis was to be on the training and preparation of the Marines prior to engagement and the reporting of information concerning 19Nov05 at all levels of the chain-of-command from patrol through MNF-W and MNC-I.

6. As reported under References (A)-(E), initial investigative efforts included a preliminary death scene examination; interviews, interrogations, re-interrogations of several 3/1 Marines; and interviews of numerous Iraqi witnesses. The results of the foregoing investigative efforts are as follows:

   a. IED BLAST: On 19Nov05 between 0700 and 0716, a vehicle convoy of Kilo Company, 3/1, was ambushed in Haditha, Iraq, in a coordinated attack involving an IED and reported SAF while traveling with ISF personnel, killing one (1) Marine and wounding two (2).

   b. TAXI (5 killed): Moments before the attack, the lead vehicle in the convoy motioned an approaching taxi to the side of the road. When the IED detonated soon thereafter, the Marines dismounted, prepared a defensive position, and began to render aid to the wounded. The taxi’s five (5) occupants exited the vehicle and according to U.S. and Iraqi witnesses, were shot by as they stood, unarmed, next to the vehicle approximately ten (10) feet in front of him. later told who witnessed the shooting, to say, if questioned, that the Iraqis had attempted to flee and were shot by ISF personnel. admits to shooting the five (5) bodies on the ground after initially shot them. advised also walked over to the bodies and shot the five (5) Iraqi males again, while standing within a foot.

c. HOUSE #1 (6 killed): A quick reaction force (QRF), led by USMC, arrived at the IED blast site within fifteen (15) minutes (between approximately 0715 - 0730). The QRF attended to the casualties and prepared to remove them from the scene. After receiving a report from (b)(6), (b)(7)(C) that SAF was observed coming from the vicinity of a nearby home (house #1), instructed a fire team to "take the house." First, (b)(6), (b)(7)(C) fired rounds with a M203 grenade launcher toward house #1. Then a fire team consisting of (b)(6), (b)(7)(C) conducted a forced entry into house #1. All members of the fire team reported they were not receiving SAF upon their approach to house #1. (b)(6), (b)(7)(C) conducted a forced entry into house #1 and shot and killed an unarmed Iraqi adult female in the hallway. Certain members of the fire team reported hearing the sound of an AK-47 "racking" and two (2) fragmentation grenades were thrown into a room on the left, but only one (1) exploded. (b)(6), (b)(7)(C) then cleared a room on the right of the hallway, killing an unarmed Iraqi male adult. At that time, an unidentified Marine reportedly yelled that there was someone running from the house. This caused the fire team to cease the clearing operation and immediately exit house #1 toward house #2. (b)(6), (b)(7)(C) recalled the fire team later returned to house #1 with (b)(6), (b)(7)(C) who reportedly cleared a room by firing his 9mm pistol into it. Additionally, (b)(6), (b)(7)(C) advised he entered a room after (b)(6), (b)(7)(C) shortly thereafter, both he and (b)(6), (b)(7)(C) shot approximately four (4) people, none of which were standing. (b)(6), (b)(7)(C) explained he shot these individuals because (b)(6), (b)(7)(C) shot them first and believed the entire house was "hostile." The re-entry of house #1 reported by (b)(6), (b)(7)(C) is consistent with the accounts of both (b)(6), (b)(7)(C) and an Iraqi woman who survived the clearing/attack of house #1. stated she fled the house in the brief period when the Marines initially departed toward house #2. A total of six (6) Iraqis were killed in house #1, including two (2) women and one (1) child. No weapons were found.

d. HOUSE #2 (8 killed): Prior to entering house #2, an unarmed Iraqi adult male was observed standing inside the front door of the house facing out. This individual was shot and killed by (b)(6), (b)(7)(C) who was reportedly told by (b)(6), (b)(7)(C) to treat the house as "hostile." Upon entering the house, the fire team used three (3) fragmentation grenades in two (2) unoccupied rooms but according to statements, only two (2) of those exploded. (b)(6), (b)(7)(C) reported hearing (b)(6), (b)(7)(C) firing into a room and responding by joining him. Upon entering the room, (b)(6), (b)(7)(C) stated he observed a body in the doorway, and then positively identified an unarmed woman and children on or around the bed before shooting. Similar to house #1, (b)(6), (b)(7)(C) stated he began shooting because (b)(6), (b)(7)(C) had already engaged the individuals with gunfire and he felt this meant there was a threat. A total of eight (8) Iraqi civilians, including five (5) children, were killed. No weapons were recovered in house #2.

e. OBSERVATION POST (1 killed): After houses #1 and #2 were cleared, the fire team cleared two (2) additional unoccupied homes in the area.
before moving to the observation post (OP) site. The OP was established around 0830. Some members of the fire team posted themselves on the rooftop of the OP. At approximately 0845, Marines manning the OP reportedly observed an unarmed Iraqi male running on a ridgeline in the vicinity of house #1. and fired shot(s), killing the individual (later identified as a household member of house #1). Some time later, the OP observed one (1) or two (2) unidentified Iraqi males looking at them from another nearby house, hereafter referred to as house #4. At approximately 0945, decided to approach the house and investigate.

f. HOUSE #3 (0 killed): The events surrounding houses #3 and #4 are less clear as witness and survivor statements differ significantly from those provided by the Marines. According to Marine accounts, they approached houses #3 and #4 because they observed male(s) outside of houses #3 and/or #4 watching them while the Marines were at the OP. Prior to arriving at house #4, the Marines passed by house #3 where the Marines reportedly encountered children. The Marines stated they asked the women where the men were and the women directed the Marines next door to house #4. Subsequently, remained at house #3 with the women while and proceeded to house #4. In contrast, Iraqi witness statements indicate that only a man, woman, and their fourteen-year-old son occupied house #3. The Marines questioned the three (3) family members of house #3 about the IED and about the occupants of house #4. The three (3) Marines then reportedly removed the three (3) family members and escorted them to the adjacent home, house #4. According to Iraqi witnesses, an AK-47 was voluntarily retrieved from house #3 after the Marines questioned them while standing in front of house #4. No one was killed in house #3. According to Marines, no weapons were recovered from house #3. However, the Iraqi witnesses related one (1) AK-47 from house #3 was handed over to the Marines.

HOUSE #4 (4 killed): reported entering house #4 and encountering reported entering house #4 and encountered (4) Iraqi males, at least one of which was armed with an AK-47. killed the armed Iraqi male when he allegedly raised the weapon in the direction of and Additionally, reportedly shot and killed the three (3) other men with his 9mm pistol in the clearing operation. subsequently shot into the four (4) bodies with his M-16 rifle. Iraqi witnesses/surviving family members from house #3 and #4 provide different accounts. The key difference surrounds the Marines' approach to house #3 and interaction with the occupants of house #4. Iraqi witnesses indicate the three (3) family members from house #3 (one (1) adult male, one (1) adult female, and one (1) teenage male) were escorted to an area in front of house #4. Shortly thereafter, the occupants of house #4 (four (4) adult males, three (3) adult females, and one (1) infant) were brought out of the house to the same area in front of house #4. The Marines reportedly separated four (4) of the adult males from the group of family members and directed them into house #4. The remaining family members were directed into house #3. Subsequently, the family members in house #3 reported hearing shots fired in house #4 and observed the Marines leaving the area. After the Marines departed,
family members reported finding the four (4) adult males dead in house #4. Marine reports regarding the number of weapons recovered from house #4 vary, ranging from one (1) to three (3) AK-47s. Iraqi witness statements indicate that there was one (1) AK-47 in house #4 but it was surrendered to the Marines after they questioned the family members in front of house #4 (at or about the same time the AK-47 from house #3 was provided to the Marines).

During his interview, advised he took photographs of the IED blast site and provided a PASS to search his laptop computer, digital camera, and memory sticks. On 07Jul06, computer hard drive was imaged using forensic software. On 18Jul06, this action was documented in a forensic report. On 06Sep06, a NCIS forensic investigator completed and provided a report detailing the results of an examination conducted on media. The examination revealed 30 images that appeared to be related to the events of 19Nov05 (e.g., photographs of the IED blast site and the site where the 500-pound bomb was dropped in Haditha city on 19Nov05). Exhibits (495)-(496) pertain.

SECTION II: RE-INTERVIEW RESULTS OF 3/1 MEMBERS

KILO COMPANY COMBAT OPERATIONS CENTER (COC)

11. On 20Oct06, USMC, a radio operator for the Kilo Company COC on 19Nov05, was re-interviewed regarding clarification of a statement he provided to NCIS on 08May06. reported after he heard the explosion on 19Nov05, he went to the Kilo Company COC where he overheard a radio transmission from 3rd Squad, 3rd Platoon advising three (3) wounded Marines needed immediate medical evacuation. Also heard via the radio the Marines were taking gunfire from a white vehicle that approached the convoy after the IED detonated and other Marines were following four (4) Iraqis into a nearby house. could not distinguish the type of gunfire he heard nor was he able to provide amplifying details on the foregoing radio transmissions. indicated these radio transmissions were heard in the minutes following the explosion and were heard by others in the COC such as noted was on the radio with 3rd Platoon most of the day on 19Nov05 and spent much of his time communicating to the battalion on the company "CHAT" (STIRNet e-mail). advised he did not learn of the civilian deaths until he returned to the U.S. in the Spring of 2006.

3rd SQUAD, 3rd PLATOON

12. On 18Oct06 USMC, a member of the QRF that first arrived on scene, was re-interviewed regarding what he observed on 19Nov05 in Haditha, Iraq. The details of his re-interview follow:

a. TAXI: advised he and the other members of 3rd Squad, 3rd Platoon were sent to the IED blast site sometime between 0700 and 0800 on 19Nov05. confirmed when the QRF arrived on-scene, he saw dead bodies next to the white taxi. noted the taxi was located near the intersection of Route Chestnut and Route Zebra. recalled were dropped off at or near this intersection. Shortly thereafter, he and the rest of his squad drove further and reached the HMMWV wreckage.

b. SAP reported he did not hear any gunfire or see anyone taking cover when and after they arrived on-scene.
acknowledged this is contrary to what he initially reported to NCIS. During previous interviews, [redacted] advised he had positively identified AK-47 gunfire coming from the south. [redacted] explained he was not truthful because he wanted to protect the involved Marines. [redacted] advised after [redacted] were dropped off, he heard one (1) M203 being fired. Although [redacted] did not see who shot the round, he said [redacted] with his M-16 rifle and attached M203 grenade launcher. [redacted] advised [redacted] had his M-16 rifle in a "raised" position and assumed he had fired the round. Moreover, observed [redacted] fire a M203 round. According to the rounds hit a house north of the "wadi" (ravine) and south of Route Chestnut.

c. SECURITY & SAF: After the M203 rounds were fired, [redacted] followed [redacted] order to post security at the intersection of River Road and Route Chestnut. While en-route to this position, [redacted] observed [redacted] Marines moving to "assault" a house south of Chestnut. After a few minutes on security, [redacted] heard gunfire coming from the southwest. [redacted] opined the SAF sounded like muffled M-16 and AK-47 gunfire, "like it was inside a house." A few minutes after he heard the gunfire, [redacted] was directed to turn back, pick up the injured, and transport them to the Landing Zone (LZ). [redacted] estimated he and the QRF members were on-scene for fifteen (15) minutes.

d. 1st RETURN TO IED SITE: [redacted] stated he returned to the IED site around 1500 to pick-up detainees 1st Squad had detained. While on Route Chestnut, [redacted] overheard [redacted] call in via radio that twenty-four (24) people were killed, including women and children that were killed due to collateral damage. [redacted] explained the call was likely made to Kilo Company's COC because platoons normally report directly to the Company COC. Subsequently, [redacted] and his squad transported the detainees to the Firmbase.

e. 2nd RETURN TO IED SITE: [redacted] stated he and his squad convoyed to the IED site again around 2000 to load the bodies in the HMMWVs. [redacted] posted security on Route Zebra while the bodies from two (2) homes were removed and loaded into the HMMWVs. After about two (2) hours on post, walked from his position to Route Chestnut and talked to [redacted]
f. [redacted] asked [redacted] what happened and [redacted] responded, "We killed them." According to [redacted], [redacted] said men, women, and children were killed and noted he was involved. [redacted] asked [redacted] if the Iraqis shot back and [redacted] said, "No, we just killed them." [redacted] informed [redacted] he had removed his 240G from the turret and used it to shoot a locked door. When asked if he used his M249 weapon, [redacted] related, "No, I just used the pistol." [redacted] further advised he utilized all his magazines, borrowed another magazine from [redacted] and shot one (1) Iraqi male in the head at "point blank range" while the male was standing in a house, north of Route Chestnut. [redacted] also told [redacted] about a "story" that [redacted] devised. Specifically, [redacted] said that he and [redacted] said they saw an
AK-47 muzzle pointed at them through a doorway, but M249 jammed when he tried to shoot so he used the pistol. This was the story devised to explain the shooting of the male shot at point blank range.

According to [b], also claimed to have entered the houses 1st Squad had cleared and was "real cool about it." Further claimed to have planted a grenade on one of the Iraqi males in a house or made it look like an Iraqi male had thrown a grenade.

Taxi shooting: [b] also told him about the taxi shooting. [b] said and stopped the white taxi and told the Iraqi males to get out of the taxi. Related "muzzle thumped" the driver of the taxi in the chest and shot him. [b] advised putting one of the Iraqi males from the white taxi on his knees and shot him at a point blank range in the back of the head. Additionally, [b] said is a "real killer." spoke for about ten (10) minutes about what had happened. [b] was standing within five (5) feet of [b] and [b] while they discussed the above.

Photographs: On 20Nov05, looked through the photographs of the deceased on [b] reviewed the photographs with him. While they looked at a photograph of children on a bed, [b] said, "We did that." asked how it was done, and [b] explained why (squad) shot the children while they were lying on the bed. While they looked at a photograph of a burned body, noted it must have been the grenade.

Story: Approximately a week after 19Nov05, had a conversation with [b] while on Rest and Relaxation (R&R) at the Haditha Dam. [b] asked if he thought the events of 19Nov05 were going to be a "big deal." advised that 1st Squad had its "story" if it does become a big deal. According to he understood to mean 1st Squad had collaborated on a story. Exhibit (503) pertains.

On 18Oct06, USMC, a member of the QRF that first arrived on scene, was re-interviewed regarding what he observed on 19Nov05 in Haditha, Iraq. reiterated the information he provided when NCIS interviewed him on two (2) previous occasions, but provided a few additional details. During his interview, provided notes on a sketch of the death scene area(s).

b. M203 ROUNDS: Although [b](6), [b](7)[C] did not hear or see any incoming SAF, he saw [b](6), [b](7)[C] shooting in the direction of a house to the south of Chestnut as he and the QRF departed the area. [b](6), [b](7)[C] also saw [b](6), [b](7)[C] reloading his M203 grenade launcher. [b](6), [b](7)[C] stated he did not understand why [b](6), [b](7)[C] was shooting toward the house. Additionally, [b](6), [b](7)[C] observed other Marines running up an embankment toward the house. At one point, [b](6), [b](7)[C] saw an unknown Marine holding a 240G at the door of a house, attempting to gain entry. [b](6), [b](7)[C] then heard a four-second burst of 240G gunfire, but the door did not open. [b](6), [b](7)[C] could not see what happened after this because the scene was out of his range of view as they drove away toward the LZ.

c. [b](6), [b](7)[C] In February or March 2006, [b](6), [b](7)[C] spoke to [b](6), [b](7)[C] about the ongoing investigations. According to [b](6), [b](7)(C) said his squad "fired on this guy" and then they "cleared houses." [b](6), [b](7)(C) continued to talk about how he cleared houses with a 240G. [b](6), [b](7)(C) believed [b](6), [b](7)(C) used the 240G on house #2. [b](6), [b](7)(C) based this opinion on what he saw when he entered house #2 later in the evening to recover bodies. While at a house on or near Route Chestnut, [b](6), [b](7)(C) saw what appeared to be damage on the outside of the house caused by a 240G. [b](6), [b](7)(C) noted he did not enter this house because the bodies had already been removed and placed outside for loading. [b](6), [b](7)(C) advised [b](6), [b](7)(C) was "bragging" about how he "cleared this house from the hip" with a 240G. [b](6), [b](7)(C) informed [b](6), [b](7)(C) that someone else had thrown grenades in the house #2. Moreover, [b](6), [b](7)(C) spoke about how [b](6), [b](7)(C) had "dropped to his knee and popped a guy" when one of the Iraqi males got out of the taxi on Route Chestnut. [b](6), [b](7)(C) also advised [b](6), [b](7)(C) that the Iraqis in the taxi had weapons. [b](6), [b](7)(C) opined this information did not make sense to him as he did not see any weapons on or near the Iraqi males from the taxi while assisting in the removal of their bodies. After a break in their conversation [b](6), [b](7)(C) approached [b](6), [b](7)(C) regarding C-4. [b](6), [b](7)(C) recalled [b](6), [b](7)(C) asked about using C-4 to blow up a house and indicated they might need [b](6), [b](7)(C) to do this. [b](6), [b](7)(C) explained he could do this if ordered to blow up a house; however, [b](6), [b](7)(C) stated nothing came of the discussion.

c. RECOVERY OF AK-47s: [b](6), [b](7)(C) reiterated he was at either house #1 or #2 when two (2) AK-47s were turned over to him. [b](6), [b](7)(C) could not recall who gave him the AK-47s and did not know how the AK-47s were obtained before they came into his possession. [b](6), [b](7)(C) noted later that evening he was at the Firmbase when [b](6), [b](7)(C) referred to [b](6), [b](7)(C) "planting some weapons" (AK-47s) to cover-up what happened that day. [b](6), [b](7)(C) acknowledged he did not inform NCIS of this in his prior interview. [b](6), [b](7)(C) explained he was hesitant to divulge [b](6), [b](7)(C) allegation about an officer's wrongful action because he is enlisted and he had not witnessed [b](6), [b](7)(C) do this. Additionally, [b](6), [b](7)(C) recalled overhearing a conversation at the Firmbase smoke pit wherein Marines talked about [b](6), [b](7)(C) "planting" weapons. [b](6), [b](7)(C) did not know who stated this because he had his back to the Marines talking at the smoke pit. Exhibit (508) pertains.

17. On 20Oct06, [b](6), [b](7)(C) USN, was re-interviewed regarding his knowledge of the events that occurred on 19Nov05 in Haditha. [b](6), [b](7)(C) advised he is a corpsman and was assigned to 1st Squad, 3rd Platoon, while deployed in Iraq.

a. CORPSMEN: On the morning of 19Nov05, [b](6), [b](7)(C) recalled [b](6), [b](7)(C) woke him up and instructed [b](6), [b](7)(C) to man the Battalion Aid Station because Marines had been injured in an explosion. good day because they "got the person who did it." [b][6], [b][7] heard
[b][6], [b][7] discussing the tactics they used in entering the
houses and how they could have entered better or differently.

asked him about the prior day's events. [b][6], [b][7] said when they
made entry into one of the buildings, a male came out of nowhere and
"boom," they shot him. [b][6], [b][7] also informed [b][6], [b][7] they cleared houses with flash bangs and grenades. [b][6], [b][7] advised they heard
someone behind a door and assumed it was an insurgent so they kicked
in the door, "fragged" the room, and shot inside without looking to see who was in the room. [b][6], [b][7] did not mention whether any of
the occupants were armed, but told [b][6], [b][7] they had found some AK-47s.
[b][6], [b][7] noted he thought they got the guys that were out on a BOLO
(Be On The Look Out). [b][6], [b][7] mentioned they saw a white vehicle
and told it to stop; however, the vehicle "kicked into reverse" and
they shot at it and the vehicle stopped. [b][6], [b][7] advised the
people in the vehicle were armed and they "lit the car up" (meaning
they shot multiple times) in self defense. [b][6], [b][7] related he
used a 9mm pistol because his SAW jammed. [b][6], [b][7] related [b][6], [b][7]
did not state when he used his pistol or how he obtained the pistol.

d. [b][6], [b][7] noted he also talked to [b][6], [b][7] about the events of
19Nov05. [b][6], [b][7] knew and talked to the squad members
that conducted the entries of houses on 19Nov05. concluded
after he spoke to that the involved Marines were vengeful in
their actions. also told the white vehicle was stopped,
but then backed up. informed that [b][6], [b][7] squad
shot the occupants of the white vehicle.

e. PRIOR TO 19NOV05: advised before 3/1 deployed, COL
advised them there was going to be another "Fallujah." Consequently,
explained he and fellow Marines believed "hell was going to be
all over the place." However, 3/1 got to the Haditha Dam in October
2005, conducted Operation Rivergate, and secured Haditha in twenty-

U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

Further describe the transmission. [b](6), [b](7)(C) advised [b](6), [b](7)(C) reported an IED had hit his squad. [b](6), [b](7)(C) claimed he was the only Marine near the radio at the time of the transmission. Immediately thereafter [b](6), [b](7)(C) called his Platoon Commander, [b](6), [b](7)(C) noted he heard AK-47 and M-16 gunfire during the radio transmissions. Specifically, [b](6), [b](7)(C) heard a few pop shots of AK-47 gunfire and several bursts of M-16 gunfire. [b](6), [b](7)(C) approximated that within five (5) minutes of the radio transmission, [b](6), [b](7)(C) overheard an unknown Marine report on the radio that a vehicle had approached their location, so they engaged the vehicle. [b](6), [b](7)(C) then heard an unknown Marine report it was a white car. [b](6), [b](7)(C) could not provide any additional details regarding the events of 19Nov05 as he was flown to Al Asad, Iraq on 19Nov05. [b](6) reiterated he was attached to 3/1 as their [b](6), [b](7)(C) representative while deployed in Iraq. [b](6), [b](7)(C) advised it was his job to conduct patrol briefs with Marines to gather intelligence and forward the information to the Battalion. [b](6), [b](7)(C) advised his previous statements to NCIS were accurate and provided the following additional details:

a. COC: [b](6), [b](7)(C) reported he entered the COC sometime between 0730 and 0745 on 19Nov05. [b](6) understood his primary responsibility in the COC was to establish Scan Eagle (the unmanned aerial vehicle - UAV) support and coordinate movement of the Scan Eagle aircraft. [b](6), [b](7)(C) explained Kilo Company had priority for Scan Eagle support because they had reported troops in contact (TIC). While [b](6) maintained Scan Eagle support, he noted other Marines in the COC, such as Lt [b](6), [b](7)(C) were focused on providing incoming information to the Battalion.

b. PATROL DEBRIEF WITH [b](6), [b](7)(C) reported he started conducting patrol debriefs once patrols returned to the Firebase. [b](6), [b](7)(C) recalled the first debrief he conducted was with [b](6), [b](7)(C) around 1500 or 1600. [b](6) asked [b](6), [b](7)(C) to tell him what happened and [b](6), [b](7)(C) related an IED had hit his convoy and TERRAZAS was killed. [b](6), [b](7)(C) advised after the IED exploded, his squad received SAF from a house to the north of their position. [b](6), [b](7)(C) told [b](6) his squad returned fire and established a security cordon. [b](6), [b](7)(C) recalled asking [b](6), [b](7)(C) about the engagement, but [b](6), [b](7)(C) responded to several questions with, "I don't know." [b](6), [b](7)(C) responded to some questions by referring [b](6), [b](7)(C) to [b](6), [b](7)(C).

Just ahead of the Marine convoy was a white car with five Iraqi civilian occupants. All of these occupants exited the car, unarmed, and were reportedly shot by (b)(6), (b)(7)(C) After the engagement with the white car, two small maneuver elements (teams) were formed, consisting of members of 1st Squad. NARRATIVE
1. Reference (A) tasked MWPE with identifying administrative errors in the above documents which were previously reported on Reference (C) and documenting the correction and retransmission of completed documents to 0023 via an ROI (Action). This reporting FOR OFFICIAL USE ONLY

SUBJ: (b)(6), (b)(7)(C)

documents the clarification of exhibits addressed in Paragraphs (1) through (14) of Tasking Section (B) in Reference (A) only.

2. Paragraph (1) requested documentation for the Permissive Authorization for Search and Seizure (PASS) signed by (b)(6), (b)(7)(C) dated 11May06 via an Investigative Action (IA). Requested clarification was provided in the form of a corrected IA that included the PASS and a copy of a receipt as enclosures. That IA was forwarded to NCISHQ Code 0023 via Exhibit (1) of Reference (B).

3. Paragraphs (2) and (3) requested documentation for an Authorization to Release Account Information Voluntary Consent and Declaration and the Consent to Search (RELEASES) forms executed by (b)(6), (b)(7)(C) on 25May06 granting NCIS access to his MSN Hotmail and Yahoo! e-mail accounts. These RELEASES were obtained in the event that relevant information was developed which would require review of electronic correspondence. These RELEASES were not provided to any other service providers nor was any information ever extracted from accounts. These RELEASES were inadvertently attached as exhibits to Reference (C) and should not be included in future reporting.

4. Paragraph (4) identifies Exhibits (49) and (170) to Reference (C) as Statement of (b)(6), (b)(7)(C) 06Jun06. This is an administrative error. On 06Jun06, a statement of (b)(6), (b)(7)(C) was taken and should be listed as Exhibit (49). On 06Jun06, a screening IA of (b)(6), (b)(7)(C) was documented and should be reflected on Reference (C) as Exhibit (170). Final copies of both documents are incorporated as Exhibits (1) and (2).

5. Paragraph (5) identifies an administrative error with regard to a written statement provided by (b)(6), (b)(7)(C). In Reference (C), (b)(6), (b)(7)(C)'s statement was documented as Exhibits (72) and (139) taken on 26May06. This was a duplication error and the statement should only have been listed once. Further, the date reflected for the statement is incorrect, (b)(6), (b)(7)(C) statement was executed on 31May06. A correct final copy of (b)(6), (b)(7)(C) signed statement is attached as Exhibit (3).

6. Paragraph (6) reports the statement of (b)(6), (b)(7)(C) 31May06 was documented as Exhibits (73) and (138) in Reference (C). This is a duplicative documentation, there was only one statement provided by
7. Paragraph (7) requests clarification of the documentation forwarded to Code 0023 as Exhibit (109) to Reference (C) regarding an attempted re-interview of (b)(6), (b)(7)(C) on 24May06. Exhibit (4) is the finalized IA documenting the attempted interrogation of (b)(6), (b)(7)(C) on 31May06.

8. Paragraphs (8) and (9) request final copies of IAs documenting telephonic interviews of (b)(6), (b)(7)(C) conducted on 13Jun06 and (b)(6), (b)(7)(C) conducted on 06Jun06. Final copies of the

IA's documenting these interviews are incorporated as Exhibits (5) and (6).

9. Paragraphs (10) through (12) request copies of statements provided by: '08Jun06; /09Jun06; and /13Jun06 which were reported on Reference (C) as Exhibits (177), (181) and (191) respectively. The screening interviews were conducted on 08-09Jun06 and were inadvertently reported as statements vice investigative actions. The statement of was actually taken on 14Jun06. The above have been attached as IA: Screening Interview of /08Jun06 (Exhibit (7)); IA: Results of Screening Interview of '09Jun06 (Exhibit (8)); and Statement of /14Jun06 (Exhibit (9)).

10. Paragraph (13) requests clarification of the IA reporting contact with on 12Jun06 and forwarded to Code 0023 as Exhibit (194) to Reference (C). The correct IA is titled: Contact with /13Jun06 and is attached hereto as Exhibit (10).

11. Paragraph (14) requests final copies of the IA's documenting numerous screening interviews conducted from 26May-05Jun06 and incorporated into Reference (C) as Exhibits (203) through (206) be transmitted. Exhibits (11) through (14) provide copies of those IA's. Investigative Lead Tasking Section (B) of Reference (A) is complete.

1. Reference (A) tasked MWPE with identifying and correcting administrative errors in the above Investigative Actions (IA) and documenting the transmission of completed documents to 0023 via an

ROI (ACTION).

2. Exhibit (1) referenced a Permissive Authorization for Search and Seizure (PASS) and a Sales Receipt for (b)(6), (b)(7)(C) which were not included as enclosures to the original IA. All pertinent documents have been attached to Exhibit (1) as Enclosures (A) and (B).

3. Reference (A) requested clarification of the Report numbers cited in the IA's documenting the results of the imaging reviews. Regional Computer Forensic Laboratory (RCFL) assigns a unique number to each request for forensic review. The first item submitted in a case establishes the numbering and begins the 'Alpha' series. Subsequent items submitted from additional involved parties are assigned a consecutive 'Alpha' number. For example, items submitted which were seized from (b)(6), would be identified as RCFL Request Number 06-158-X01 and the actual RCFL Report is numbered sequentially as 06-158-X02. Exhibits (2) through (9) inadvertently referenced the initial RCFL Request Number for each submission and not the final Report Examination Number. Each IA has been updated to reflect the corresponding RCFL Report Examination Number.

4. Exhibit (10) incorporates clarifying information with regard to the status of (b)(6), digital camera. (b)(6), (b)(7)(C) camera was not collected. The camera (b)(6), utilized to take the photographs that were downloaded to his computer was discarded in Iraq prior to the initiation of this investigation.

5. Exhibit (11) is the finalized IA documenting seizure of a laptop from (b)(6), (b)(7)(C)

6. Exhibit (12) is a complete copy of Enclosure (A) to the Investigative Action dated 19Jul06 documenting review of (b)(6), (b)(7)(C) digital camera and picture card.

7. Reference (A) requested clarification of multiple IAs and their correlating RCFL Report numbers with regard to the forensic review of computer and media seized from (b)(6), (b)(7)(C) MWPE reviewed and reported on RCFL Report Number 06-0158-F02 under IA: RCFL Review of (b)(6), (b)(7)(C) Laptop Computer only. The RCFL Report 06-0158-F03 was documented in Reference (B) as Exhibits (24) RCFL Examination Report 06-0158-F03 Process email internet history from (b)(6), (b)(7)(C) Computer/29May06 and (25) IA: Review of RCFL Examination Report 06-
8. Reference (A) also requested a clarification of IA: SIPRNET E-mail Extraction/09Jun06. This action was completed under the cover of this investigation; however, it is more appropriately documented solely under the parallel 7X investigation in Reference (C). Investigative Lead tasking in Reference (A) is complete.

NARRATIVE
1. On 19Nov05 at approximately 0716, members of 1st Squad, 3rd Platoon, Kilo Company, 3rd Battalion, 1st Marine Division (3/1), came under attack when an Improvised Explosive Device (IED) detonated and hit the fourth vehicle of their vehicle convoy in Haditha, Iraq. As a result of the IED, the driver was killed, and the other Marine occupants were injured. Following the attack on the convoy, members of 1st Squad reported they received small arms fire (SAF) from north and south of the IED blast site. Shortly before the convoy was struck by the IED, an oncoming white vehicle (taxi) was directed to pull off the roadway by Marines in the first vehicle. The white vehicle complied and the five (5) occupants from the vehicle exited the vehicle and were unarmed. Both \[\text{(b)(6),(b)(7)(C)}\] and \[\text{(b)(6),(b)(7)(C)}\] reportedly shot the five (5) male Iraqi occupants of the white vehicle. After the occupants of the white vehicle were shot, two (2) maneuver elements (fire teams) were formed consisting of members of 1st Squad. The teams searched and cleared houses for insurgents. During the searches and house clearings, \[\text{(b)(6),(b)(7)(C)}\] were involved in the shooting and deaths of eighteen (18) additional Iraqi civilians. Another Iraqi civilian was shot and killed after he was engaged from a rooftop observation post (OP) occupied by the same members. When totaled, the titled subject and co-subjects killed twenty-four (24) Iraqi civilians, including women and children.

ACTION:
A manual review of the following items received from MWPE reveal what appear to be errors in body of the Investigative Action regarding enclosures and/or list enclosures that do not correlate with the enclosure submitted. For example, an IA lists Enclosure (A) as "RCFL FOR OFFICIAL USE ONLY PAGE 7"

13MAR06-MEBJ-0164-7HMA/T 03OCT06

SUBJ: [b](6),(b)(7)(C)

Report #06-158-01, when a review of the RCFL report shows a report number of #06-158-09. Therefore, these items are easily confused for several other items submitted and should be clarified for future readers/recipients of investigative reports (e.g., trial/defense counsel, Congressional Inquiries, FOIA requests, etc.). Please change the listed Enclosures so they correlate with the described RCFL report. Please note, an Interim report has been written and documented the items below, but cannot be transmitted and disseminated until the foregoing investigative action is completed and submitted in a corrected and "final draft" format:

1.) IA: Results of Computer Examination [b](6),(b)(7)(C) 11May06

Within the body of this IA, Enclosure "A" is referred to, however, it is not listed at the end of the IA and an Enclosure was not received with the mailed copy of the IA. As noted in Reference (A), this IA was mailed to 0023 without a correlating ROI (Action).

2.) IA: RCFL Review of [b](6),(b)(7)(C) Sony PSP and Sandisk Memory Stick/19May06

This IA describes and lists Enclosure (A) RCFL Report Number 06-0158-B03/17May06. However, the date of the Enclosure is 18May06. Additionally, another RCFL report was mailed to 0023 regarding a review of [b](6),(b)(7)(C) electronic media and is numbered RCFL report #06-0158-B08. An IA is needed to document the foregoing RCFL report.

3.) IA: RCFL Review of [b](6),(b)(7)(C) Laptop Computer/18May06

Although this IA lists and describes RCFL report #:06-0158-F02, it does not list or describe RCFL report #:06-0158-F03 which is referred to but not enclosed in "IA: Review of RCFL's Examination of E-mail & Internet Data for [b](6),(b)(7)(C) Computer/12Jun06." Therefore, it appears that RCFL report #:06-0158-F03 exists, but an IA has not been received that documents the RCFL results found in #:06-0158-F03.

4.) IA: RCFL Review of [b](6),(b)(7)(C) Digital Camera and Picture Card/19Jul06

The listed Enclosure on this IA, (A) RCFL Report #:06-158-I02/25May06, is missing page #2. Only page 1 of 2 was received from

https://cleoc.ncis.navy.mil/pls/cleoc/CLEOC_PORTAL.roi_print.print_roid_p_invest_seq_... 12/19/2013
MWPE. Please send a completed copy of this Enclosure.

5.) IA: RCFL Review of [b](6).[b](7)[(C)] Imaged Hard Drive/09Jun06

In the first paragraph of this IA, it states that the RCFL case number for the review described is #06-0158-001; however, the listed enclosure refers to case #06-0158-002/11Jun06. Please advise if #06-0158-001 and #06-0158-002 are the same report or whether they are two (2) different reports, which would require another IA or both listed as enclosures and described in one IA.

NARRATIVE
1. Reference (A) was received on 25Sep06, requesting an ROI (ACTION) reporting statements and IAs completed since the submission of reference (B) and any previously un-reported exhibits prior to that submission. Items 3, 6 through 8, 12, 43, 44 and 45, of Tasking Section (A), Reference (A), were found to have been previously reported in Reference (B) as exhibits (3) (139), (109), (121), (191), (205), (206), and (170), respectively. Additionally, it was determined that items 59, 80, 95 through 97 and 100 of Tasking Section (A), Reference (A), were completed during the course of this investigation; however, would be more appropriately reported solely under the parallel 7X investigation reflected in Reference (C).

2. In response to lead tasking in Reference (A), between 27Sep06 and 03Oct06, a review of all interviews completed prior to the submission of Reference (B) was conducted which resulted in the determination that several interviews conducted had not been previously reported via ROI (ACTION) to 0023. Exhibits (1) through (8) provide details of those actions.

3. Since the submission of Reference (B) and prior to the receipt of Reference (A), numerous interviews and re-interviews were conducted of Marines and Sailors assigned to 3rd Battalion, 1st Marine Regiment (3/1). Exhibits (9) through (40) provide details of those actions.
4. During May-June 2006, CW (b)(7)(E) provided consent to have (b)(7)(D) which could provide evidence pertinent to this investigation. This captured data was reviewed and the results provided in exhibits (41) and (42).

5. Between 11May06 and 03Aug06, numerous items of electronic media were seized from several individuals after interviews disclosed they possibly had pictures depicting the victims in this investigation on various forms of electronic media such as cameras, computers and flash drives. The Regional Computer Forensic Laboratory (RCFL), San Diego, CA, processed those items in order to retrieve any existing and/or deleted images pertinent to this investigation. After processing into a viewable format, the items were reviewed to determine their evidentiary value to this investigation. Details of those seizures and the RCFL reviews are contained in exhibits (43) through (85).

6. On 03Oct06, a review of Scan Eagle footage from 19Nov05 was conducted. The results of this review are provided in exhibit (86). Investigative lead tasking requested in section (A) of Reference (A) is complete. Completion of lead tasking in Reference (A), Sections (B) through (F) is ongoing.

ACTION
R.MWPE:

TASKING SECTION (A):

References (A)-(G) requested investigative actions be conducted by MWPE. During the course of the investigation, one (1) report was received that responded to a majority of such investigative actions. Specifically, Reference (H) was received and provided a listing of 206 exhibits that had been conducted in response to References (A)-(G). From May 06 to present, additional statements and Investigative Actions (IAs) have been sent to 0023 via fax and/or mail which have not been accompanied by a ROI (Action). Therefore, provide a ROI (Action) for the statements and IAs listed below as they have been sent to 0023 from MWPE without a ROI (Action) and are not included/listed in Reference (H). Additionally, confirm the below listed statements and IAs are the only items that have been sent without a correlating ROI (Action). Such action will comply with NCIS reporting guidelines and officially document all investigative actions.

1.) An Investigative Action (IA) is needed for the four (4) Regional Computer Forensic Lab (RCFL) reports dated 08May06 and 18May06, which report the analysis of (b)(6), (b)(7)(C) thumb drives. Although Reference (J) listed 4 RCFL reports as completed regarding (b)(6), (b)(7)(C) electronic media, an accompanying IA has not been received or listed in any ROI (Action) as an exhibit.

2.) An IA is needed for the seizure of (b)(6), (b)(7)(C) computer and other electronic media seized on 11May06. Although an undated PASS for (b)(6), (b)(7)(C) camera and memory card was received via fax, this will not suffice as an exhibit or an enclosure. Please send the dated copy of the PASS attached as an enclosure to an IA. (Note: An IA was submitted for the four (4) RCFL reports conducted on (b)(6), (b)(7)(C) computer, but not for the seizure.)

3.) An IA is needed for the seizure of (b)(6), (b)(7)(C) digital camera on 05Jun06. An IA for the seizure of evidence from (b)(6), (b)(7)(C) is listed as Exhibit 104 on Reference (J); however, a copy of the exhibit was not received. To date, an IA was submitted for the RCFL report conducted on (b)(6), (b)(7)(C) computer, but not received for the seizure. If a PASS or Command Authorization for Search and Seizure Warrant was utilized in the seizure of (b)(6), (b)(7)(C) digital camera, please include as an enclosure to IA.

4.) An IA is needed for the RCFL reports dated 18May06 and 31Jun06, which reported the analysis of (b)(6), (b)(7)(C) computer. To date, such an IA has not been listed in any ROI (Action) as an exhibit.

5.) An IA is needed for the seizure of (b)(6), (b)(7)(C) laptop computer, digital camera, and other electronic media. To date, an IA has not been listed in any ROI (Action) as an exhibit. If a PASS or Command Authorization for Search and Seizure warrant was utilized in the seizure of (b)(6), (b)(7)(C) computer, camera and electronic media, please include as an enclosure to the IA.

6.) An IA is needed for the RCFL report dated 08Jun06, regarding (b)(6), (b)(7)(C) picture card. Please note, an IA was received for the seizure of (b)(6), (b)(7)(C) picture card and is titled, IA: Seizure of Evidence from (b)(6), (b)(7)(C) USMC, dated 05Jun06. Please do not confuse this request with the flash drive seized from (b)(6), (b)(7)(C) on 28Jul06, as the IAs for both the seizure and correlating RCFL report have been received.

7.) An IA is needed for the RCFL report dated 22Jun06, regarding the Scan Eagle UAV footage seized on 26May06. An IA was received for the seizure of the footage, but not for the RCFL report.

8.) An IA is needed for the RCFL report dated 29Jun06, regarding a CD-R seized from (b)(6), (b)(7)(C). To date, no ROI (Action) identifies (b)(6), (b)(7)(C) as a witness or explains what role he has within this investigation. NARRATIVE
1. On 19Nov05 at approximately 0716, members of 1st Squad, 3rd Platoon, Kilo Company, 3rd Battalion, 1st Marine Division (3/1), came under attack when an Improvised Explosive Device (IED) detonated and hit the fourth vehicle of their [_____] vehicle convoy in Haditha, Iraq. As a result of the IED, the driver was killed, and the other [b](7)(F) Marine occupants were injured. Following the attack on the convoy, members of 1st Squad reported they received small arms fire (SAF) from north and south of the IED blast site. Shortly before the convoy was struck by the IED, an oncoming white vehicle (taxi) was directed to pull off the roadway by Marines in the first vehicle. The white vehicle complied and the five (5) occupants from the vehicle exited the vehicle and were unarmed. Both [b](6), (b)(7)(C) and [b](6), (b)(7)(C) reportedly shot the five (5) male Iraqi occupants of the white vehicle. After the occupants of the white vehicle were shot, two (2) maneuver elements (fire teams) were formed consisting of members of 1st Squad. The teams searched and cleared houses for insurgents. During the searches and house clearings, [b](6), (b)(7)(C) [b](6), (b)(7)(C) and [b](6), (b)(7)(C) were involved in the shooting and deaths of eighteen (18) additional Iraqi civilians. Another Iraqi civilian was shot and killed after he was engaged from a rooftop observation post (OP) occupied by the same members. When totaled, the titled subject and co-subjects killed twenty-four (24) Iraqi civilians, including women and children.

EXECUTIVE SUMMARY
1. On 19Nov05 at approximately 0716, 1st Squad, 3rd Platoon, Kilo Company, 3rd Battalion (3DBN), 1st Marine Division (MARDIV), I Marine Expeditionary Force (MEF) (3/1), and Iraqi Security Forces (ISF) members were traveling in a convoy on Route "Chestnut" in Haditha, Al Anbar Province, Iraq, when they received a complex attack (i.e., an attack wherein the enemy strikes in more than one manner). Specifically, the fourth High Mobility Multi-Wheel Vehicle (HMMWV) was struck by an improvised explosive device (IED) reportedly followed by small arms fire (SAF) from the south. The complex attack resulted in one (1) friendly killed in action (FKIA) and friendly wounded in action (FWIA). The Marines in the convoy immediately responded to the explosion by dismounting their vehicles, attending to the injured, and securing the perimeter. According to the Marines involved, they received SAF after the explosion. Consequently, they broke into fire teams, searched/cleared homes in the area, and identified detainees. Over a period of several hours, and co-subjects' actions resulted in the deaths of twenty-four (24) Iraqi civilians and two (2) injured Iraqi children. In the evening hours of 19Nov05, Marines from 3/1 conducted a battle damage assessment (BDA) and transported the dead to the Haditha hospital morgue.

On 20Nov05, the 2d Marine Division issued a press release that reported the attack on 19Nov05 as resulting in the deaths of one (1) Marine, fifteen (15) Iraqi civilians, and eight (8) insurgents. On
10Feb06, a TIME magazine reporter contacted the Multi-National Corps-Iraq (MNC-I) regarding information he received from a Sunni-based group that alleged Marines from 3/1 wrongfully killed twenty-four (24) Iraqi civilians on 19Nov05. The Sunni group supported the allegation with video footage that contained images of the dead at the Haditha hospital morgue before the bodies were released to family members on 20Nov05.

3. On 14Feb06, Lieutenant General [b](b)(6).[b](b)(7)(C) USA, MNC-I directed a U.S. Army administrative inquiry (AR 15-6) and appointed COL.[b](b)(6).[b](b)(7)(C) USA, as the Investigating Officer (IO). On 03Mar06, COL.[b](b)(6). submitted the results of the investigation, revealing that as a result of the 19NOV05 incident, Iraqi civilians (men, women, and children) were killed. MNC-I in turn recommended further investigation by the Army's Criminal Investigation Division (CID) or the Naval Criminal Investigative Service (NCIS).

4. On 12Mar06, Major General [b](b)(6).[b](b)(7)(C) USMC, Commanding General, I MEF (Forward) and MNF-W, requested NCIS conduct a criminal investigation regarding the Iraqi civilians killed by Kilo Company Marines of 3/1 on 19Nov05. On 13Mar06, NCIS initiated the investigation and a team of agents traveled to the Forward Operating Base (FOB) Haditha Dam, Iraq.

5. On 17Mar06, Multi-National Force-Iraq (MNF-I) issued a press release announcing there would be a second AR 15-6 investigation regarding potential misconduct by the Marines after the IED attack in Haditha. On 19Mar06, Lieutenant General [b](b)(6).[b](b)(7)(C) appointed Major General [b](b)(6).[b](b)(7)(C) USA, as the IO for the second AR 15-6 investigation. Emphasis was to be on the training and preparation of the Marines prior to engagement and the reporting of information concerning 19Nov05 at all levels of the chain-of-command from patrol through MNF-W and MNC-I.

6. As reported under References (A)-(D), initial investigative efforts included a preliminary death scene examination; interviews, interrogations, re-interrogations of several 3/1 Marines; and interviews of numerous Iraqi witnesses. The results of the foregoing investigative efforts are as follows:

a. IED BLAST: On 19Nov05 between 0700 and 0716, a [b](b)(6).-vehicle convoy of Kilo Company, 3/1, was ambushed in Haditha, Iraq, in a coordinated attack involving an IED and reported SAF while traveling with ISF personnel, killing one (1) Marine and wounding [b](b)(7)(F).

b. TAXI (5 killed): Moments before the attack, the lead vehicle in the convoy motioned an approaching taxi to the side of the road. When the IED detonated soon thereafter, the Marines dismounted, prepared a defensive position, and began to render aid to the wounded. The taxi's five (5) occupants exited the vehicle and according to U.S. and Iraqi witnesses, were shot by [b](b)(6).[b](b)(7)(C) as they stood, unarmed, next to the vehicle approximately ten (10) feet in front of him. [b](b)(6).[b](b)(7)(C) later told [b](b)(6).[b](b)(7)(C) who witnessed the shooting, to say, if questioned, that the Iraqis had attempted to
U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

flee and were shot by ISF personnel. [b(6),(b)(7)(C)] admits to shooting the five (5) bodies on the ground after [b(6),(b)(7)(C)] initially shot them. [b(6),(b)(7)(C)] advised [b(6),(b)(7)(C)] also walked over to the bodies and shot the five (5) Iraqi males again, while standing within a foot of them.

c. HOUSE #1 (6 killed): A quick reaction force (QRF), led by USMC, arrived at the IED blast site within fifteen (15) minutes (between approximately 0715 - 0730). The QRF attended to the casualties and prepared to remove them from the scene. After receiving a report from [b(6),(b)(7)(C)] and [b(6),(b)(7)(C)] that SAF was observed coming from the vicinity of a nearby home (house #1), instructed a fire team to "take the house." First, [b(6),(b)(7)(C)] fired rounds with a M203 grenade launcher toward house #1. Then a fire team consisting of [b(6),(b)(7)(C)] [b(6),(b)(7)(C)] and [b(6),(b)(7)(C)] conducted a forced entry into house #1. All members of the fire team reported they were not receiving SAF upon their approach to house #1. [b(6),(b)(7)(C)] conducted a forced entry into house #1 and shot and killed an unarmed Iraqi adult female in the hallway. Certain members of the fire team reported hearing the sound of an AK-47 "racking" and two [b(6),(b)(7)(C)] fragmentation grenades were thrown into a room on the left, but only one (1) exploded. [b(6),(b)(7)(C)] then cleared a room on the right of the hallway, killing an unarmed Iraqi male adult. At that time, an unidentified Marine reportedly yelled that there was someone running from the house. This caused the fire team to cease the clearing operation and immediately exit house #1 toward house #2. [b(6),(b)(7)(C)] recalled the fire team later returned to house #1 with [b(6),(b)(7)(C)] who reportedly cleared a room by firing his 9mm pistol into it. Additionally, [b(6),(b)(7)(C)] advised he entered a room after [b(6),(b)(7)(C)] Shortly thereafter, both he and [b(6),(b)(7)(C)] shot approximately four [b(6),(b)(7)(C)] people, none of which were standing. [b(6),(b)(7)(C)] explained he shot these individuals because [b(6),(b)(7)(C)] shot them first and believed the entire house was "hostile." The re-entry of house #1 reported by [b(6),(b)(7)(C)] is consistent with the accounts of both [b(6),(b)(7)(C)] and an Iraqi woman who survived the clearing/attack of house #1. stated she fled the house in the brief period when the Marines initially departed toward house #2. A total of six (6) Iraqis were killed in house #1, including two (2) women and one (1) child. No weapons were found.

d. HOUSE #2 (8 killed): Prior to entering house #2, an unarmed Iraqi adult male was observed standing inside the front door of the house facing out. This individual was shot and killed by [b(6),(b)(7)(C)] who was reportedly told by [b(6),(b)(7)(C)] to treat the house as "hostile." Upon entering the house, the fire team used three (3) fragmentation grenades in two (2) unoccupied rooms but according to statements, only two (2) of those exploded. [b(6),(b)(7)(C)] reported hearing [b(6),(b)(7)(C)] firing into a room and responded by joining him. Upon entering the room, [b(6),(b)(7)(C)] stated he observed a body in the doorway, and then positively identified an unarmed woman and children on or around the bed before shooting. Similar to house #1, [b(6),(b)(7)(C)] stated he began shooting because [b(6),(b)(7)(C)] had already engaged the individuals with gunfire and he felt this meant there was a threat. A total of eight (8) Iraqi civilians, including five (5) children, were killed. No
U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

weapons were recovered in house #2.

f. OBSERVATION POST (1 killed): After houses #1 and #2 were cleared, the fire team cleared two (2) additional unoccupied homes in the area before moving to the observation post (OP) site. The OP was established around 0830. Some members of the fire team posted themselves on the rooftop of the OP. At approximately 0845, Marines manning the OP reportedly observed an unarmed Iraqi male running on a ridgeline in the vicinity of house #1, and fired shot(s), killing the individual (later identified as a household member of house #1). Some time later, the OP observed one (1) or two (2) unidentified Iraqi males looking at them from another nearby house, hereafter referred to as house #4. At approximately 0945, [b](6), (b)(7)(C) decided to approach the house and investigate.

g. HOUSE #3 (0 killed): The events surrounding houses #3 and #4 are less clear as witness and survivor statements differ significantly from those provided by the Marines. According to Marine accounts, they approached houses #3 and #4 because they observed male(s) outside of houses #3 and/or #4 watching them while the Marines were at the OP. Prior to arriving at house #4, the Marines passed by house #3 where the Marines reportedly encountered women and children. The Marines stated they asked the women where the men were and the women directed the Marines next door to house #4. Subsequently, [b](6), (b)(7)(C) remained at house #3 with the women while [b](6), (b)(7)(C) proceeded to house #4. In contrast, Iraqi witness statements indicate that only a man, woman, and their fourteen year-old son occupied house #3. The Marines questioned the three (3) family members of house #3 about the IED and about the occupants of house #4. The three (3) Marines then reportedly removed the three (3) family members and escorted them to the adjacent home, house #4. According to Iraqi witnesses, an AK-47 was voluntarily retrieved from house #3 after the Marines questioned them while standing in front of house #4. No one was killed in house #3. According to Marines, no weapons were recovered from house #3. However, the Iraqi witnesses related one (1) AK-47 from house #3 was handed over to the Marines.
separated four (4) of the adult males from the group of family members and directed them into house #4. The remaining family members were directed into house #3. Subsequently, the family members in house #3 reported hearing shots fired in house #4 and observed the Marines leaving the area. After the Marines departed, family members reported finding the four (4) adult males dead in house #4. Marine reports regarding the number of weapons recovered from house #4 vary, ranging from one (1) to three (3) AK-47s. Iraqi witness statements indicate that there was one (1) AK-47 in house #4 but said it was surrendered to the Marines after they questioned the family members in front of house #4 (at or about the same time the AK-47 from house #3 was provided to the Marines).

h. At approximately 1245, SGT [b](6), [b](7)(C) USMC, Human Intelligence Exploitation Team (HET) arrived at the scene with the 2nd QRF and began to collect potential intelligence, take photographs of the deceased, and interview detainees.

of ATK advised the blast mark of a HEDP round fired from a M203 grenade launcher resembles a flower, and the energy of the round is focused into a shape charge. [b](6), (b)(7) noted the shaped charge is a fluted copper cone that produces a jet of molten metal, and was designed to penetrate armor. Upon impact, one would expect to see a golf ball or baseball sized hole with a second, smaller hole in its center. [b](6), (b)(7) further noted the second hole is roughly the diameter of a pencil, and should contain copper. [b](6), (b)(7) opined that analyzing the damage to a wall like that found in Iraq would be difficult because the wall(s) would behave like sand. In addition to finding copper in the hole, one would expect to see liquid copper spray that looks like molten metal, which has cooled. Exhibit (486) pertains.

64. On 10Jul06, attempts were made to contact [b](6), (b)(7) a civilian regarding his knowledge or possible participation in the events that occurred in Haditha, Iraq on 19Nov05. The e-mail indicated ITCOL [b](6), (b)(7) explanation/justification for payment and signature on a memorandum would be needed. [b](6), (b)(7) indicated circumstances of the e-mail message were unusual because the justification memorandum is being asked for a month after the payments had been distributed to the Iraqi families. [b](6), (b)(7) asserted such a memorandum should have been completed before the payments were authorized. Additionally, [b](6), (b)(7) reported he was aware of $50,000 bulk payment authorization "plus up" for [b](6), (b)(7) to cover the $38,000 payment. (According to only he and know about finding the cane.) Eventually, the family that had grabbed the injured Iraqi got attention and directed him to their home. reported when he went inside the family's home, he saw the Iraqi he had shot at had a head injury and ordered a medic, to treat him. advised decided to have the injured Iraqi medically evacuated and an on-site landing zone (LZ) was requested. recalled that LT arrived at the LZ with two (2) injured Iraqi children and they were sent on the medical evacuation helicopter with the injured male Iraqi and injured Marines.

d. IED BLAST SITE: While waiting for the medical evacuation, heard over the radio that their support was needed at a house where there had been an attack by possibly ten (10) insurgents. advised, "Air was called in on the house." However, before they responded to this position, recalled wanted to talk to 1st Squad and "link up with SGT first. Consequently, they went to Route Chestnut after the injured were evacuated and

During this movement, [b] had two (2) tanks and four (4) Iraqi soldiers with them. [b] explained before they went into any houses, they met with Weapons Platoon members at the Combat Operations Post (COP) and talked about how to proceed. [b] indicated it was during this meeting that he had a "difference of opinion" on the best strategy for clearing homes. [b] advised he wanted to send tank rounds in the house after insurgents were verbally called out and failed to come out of the house. According to [b] disagreed with him. [b] explained he wanted to take a different approach because there might be woman and children inside the house. [b] emphasized he disagreed with [b] because he did not want to send Marines in when they believed insurgents were inside the house. [b] reported they ultimately decided to send the Iraqi Army soldiers in before a team of Marines entered the houses they cleared. After the briefing at the COP was completed, [b] and his squad cleared approximately four (4) homes and in some instances found Iraqi families inside. [b] stated no shots were fired during the clearing of the houses because no insurgents were found. [b] advised they removed occupants from homes and asked them if they owned weapons when they cleared the houses. [b] recalled at least one (1) AK-47 being shown/handed over to his team.

f. [b](6), [b](7)[(C)] When asked if he spoke to [b](6), [b](7)[(C)] related he spoke to [b](6), [b](7)[(C)] on 19Nov05 while on Route Chestnut. [b] could not recall the exact words [b](6), [b](7)[(C)] used, but [b](6), [b](7)[(C)] advised gunfire came from the houses his squad had cleared. [b] noted the conversation he had and [b](6), [b](7)[(C)] on 19Nov05 was "all business." A day or two after 19Nov05, [b] noted he spoke with [b](6), [b](7)[(C)] again wherein [b](6), [b](7)[(C)] said his squad had cleared homes where insurgents had used people as shields. [b] indicated he could not recall exact words but this is what understood [b](6), [b](7)[(C)] to mean. [b] also told they had found multiple weapons on 19Nov05.

g. [b] reported he also spoke briefly to [b] some time after 19Nov05, when asked [b], what had happened on 19Nov05. According to [b], [b] said there was an ambush, first the IED blast and then SAF. [b] also said they (his squad) were received fire from multiple homes and responded by following the Standard Operating Procedure (SOP).
U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

h. [Redacted] noted he spoke to [Redacted] on 19Nov05 to make sure he was okay. [Redacted] advised his squad assessed the casualties and then returned fire on the houses they had received SAF from. [Redacted] told [Redacted] that he dismounted his 240G-machine gun to gain fire superiority. [Redacted] opined this was a brilliant move by [Redacted] also told [Redacted] he had to use his 9mm pistol at one point because he ran out of rounds. Advised both [Redacted] noted he was unsure about the number, but said the number eight (8) "stuck out" in his head.

i. A FOUND GRENADE: A day or two after 19Nov05, [Redacted] related he and his squad were out on patrol in Haditha when an Iraqi male approached them and asked for assistance with a grenade that had been found. [Redacted] noted they found two (2) grenades after they cleared the homes they entered that day. In the first house, [Redacted] recalled finding a grenade in the bathroom and detonated it with C-4. The second grenade was located in another house where [Redacted] observed fire damage, what appeared to be bloodstains and bloodied drag marks, and bullet holes. [Redacted] indicated when the second grenade was found, he called it into the Kilo Company COC. [Redacted] believed MAJ had already been out to these homes before.

j. PHOTOGRAPHS: [Redacted] stated he had seen two (2) photographs of what he felt were images of the deceased from 19Nov05. [Redacted] could not recall the date, but one day while he was at the Firmbase's COC, he used CFL, classified computer. While utilizing computer, [Redacted] accidentally opened a power point with the headline of 19Nov05 and saw a photograph. [Redacted] explained he did not view the photograph for very long because LT saw him open this up and "freaked out." [Redacted] ordered to close the item immediately. [Redacted] could not provide details about the photograph, but concluded the photograph was of a dead person from 19Nov05 based upon reaction. [Redacted] reported he also saw a photograph of a dead woman from 19Nov05 on a video clip that was shown to him on an unknown Marine's laptop. [Redacted] believed the Marine that possessed the video clip might have been with Security Platoon. In turn, [Redacted] advised LT of the photograph and [Redacted] informed. According to this led to everyone's camera getting looked at because the Marines were supposed to get rid of such photographs. [Redacted] estimated this occurred sometime in March 2006. Exhibit (489) pertains.

67. On 25Aug06, several NCIS representatives attended a meeting held at the FOB Prosperity regarding the exhumations of the twenty-four (24) victims' remains. The Multi National Forces-Iraq (MNF-I) Staff Judge Advocate's Office held the meeting wherein COL led the discussion on various courses of action that could be taken regarding exhumations. [Redacted] advised the surviving family members have stated they would not grant the U.S. government permission for the exhumation of the deceased, but have indicated they may allow an independent non-governmental organization (NGO) such as the Physicians of Human Rights (PHR) to conduct the exhumations and autopsies. [Redacted] an attendee of the meeting, reported he had contacted PHR and PHR indicated they would become involved at the request of the Iraqi government. [Redacted] advised he would contact
the Minister of Human Rights for Iraq in an attempt to meet PHR's request. Exhibit (490) pertains.

68. On 07 Sep 06, NCIS obtained photographs for nineteen (19) of the twenty-four (24) deceased victims. A representative of the surviving family members, an Iraqi civilian lawyer, provided the photographs to MAJ 3rd Civil Affairs Group. The photographs have the name, ages, and birth date or approximate birth date listed on the back of each photograph for nineteen (19) of the victims. was unable to provide photographs for the following victims: V/AMHED, AIDA YASIN, V/SALIM, SEBAA YUNIS, V/SALIM AISHA UNES, V/AHMED, HUDA YASIN, and V/AHMED, MOHAMED TABAL. For clarification, because several linguists were utilized during the course of this investigation there are variations in translation; therefore, the names on the back of each photograph vary in spelling from the victims listed in the title block of this report. Exhibit (491) pertains.

69. Currently, a few administrative matters remain pending; however, all significant investigative activity has been completed. Efforts to obtain permission for exhumation of the victims' remains are being led by MNF-I and are ongoing. This investigation remains pending review for prosecutorial merit and potential adjudication. Command has been fully briefed regarding the status of this investigation.

NARRATIVE
1. Lead tasking set forth in Reference (A), requested MWPE to submit preservation letters to the Internet Service Providers (ISP) for the email accounts provided by (b)(6), (b)(7)(C)

Additionally, lead tasking requested MWPE to attain subpoenas for these respective accounts. On 12May06, preservation letters were sent for the email accounts. Throughout the course of this investigation, no additional information was developed to indicate these accounts were utilized to transmit information pertinent to this investigation. Therefore, additional content information from all of the accounts was not further pursued; Exhibit (1) pertains.

2. Throughout the course of this investigation, it was determined several individuals possessed photographs, video and/or information relating to this investigation. Preservation letters were issued to the ISPs for these individuals to capture email traffic, which was related to the events of 19Nov05 in Haditha, Iraq; Exhibit (2) provides additional details regarding those preservation letters and actions. COMMAND/I MEF/11931
MADE AT/0023/WASHINGTON DC (b)(6), (b)(7)(C) SPECIAL AGENT

NARRATIVE
1. On 19Nov05 at approximately 0715, members of 1st Squad, 3rd Platoon, Kilo Company, 3 Battalion, 1st Marines, 1st Marine Division, came under attack by insurgents who detonated an Improvised Explosive Device (IED) on their convoy in Haditha, Iraq. The convoy consisted of vehicles, of which the fourth vehicle was hit. As a result of the IED, the driver was killed, and the other occupants were injured. Following the attack on the convoy, members of 1st Squad reported that they came under small arms fire (SAF) from the south and north of the IED site. Just ahead of the Marine convoy was a white car with five unarmed Iraqi civilian occupants. All of these occupants exited the car and were reportedly shot by (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C). After this engagement, (b)(6), (b)(7)(C), (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C) formed together into a team and began searching houses for insurgents involved in the coordinated attack. During the searches, (b)(6), (b)(7)(C), (b)(6), (b)(7)(C), (b)(6), and (b)(6), (b)(7)(C) were involved in the shooting death of an additional eighteen (18) Iraqi civilians. Another unarmed Iraqi civilian was also fatally shot, after he was observed from a roof top observation post (OP), by (b)(6), (b)(7)(C) as well as other Kilo Company Marines. At the end of the attacks, twenty-four (24) Iraqi civilians were killed by Marines from 1st Squad, including four women and six children.

2. During the course of this investigation numerous post mortem photographs were obtained from various sites associated with the 19Nov05 deaths of 24 Iraqi civilians in Haditha. NCIS forensic consultants utilized those photographs to reconstruct certain events that transpired on 19Nov05. The photographs could be used to establish that deaths had occurred and the identification of the victims was established in previous witness interviews and review of Haditha hospital records. A nexus needs to be made between the 24 named victims and the death scene photographs NCIS has obtained. To accomplish this it is requested that the family representatives identified herein be contacted to obtain the most recent photograph available of the deceased and a comprehensive description.

3. On 30Mar06, Reporting Agent (RA) convened a three-hour meeting at
the Haditha Hospital, Haditha, Iraq, with designated individuals of those who had family members killed by Marines from Kilo Company, 3RBN, 1st Marines on Route Chestnut, Haditha, on 19Nov05. The family representatives will be identified by their names and the family names associated with this investigation. Their relationships will be further associated through a description of the physical sites, as delineated in this investigation, where the deaths occurred and the names of those who died:

EXECUTIVE SUMMARY
1. On 19Nov05 at approximately 0716, 1st Squad, 3rd Platoon, Kilo
Company, 3rd Battalion (3DBN), 1st Marine Division (MARDIV), I Marine
Expeditionary Force (MEF) (3/1), and (b)(7)(F) Iraqi Security Forces (ISF)
members were traveling in a convoy on Route "Chestnut" in Haditha, Al
Anbar Province, Iraq, when they received a complex attack (i.e., an
attack wherein the enemy strikes in more than one manner).
Specifically, the fourth High Mobility Multi-Wheel Vehicle (HMMWV)
was struck by an improvised explosive device (IED) reportedly
followed by small arms fire (SAF) from the south. The complex attack
resulted in one (1) friendly killed in action (FKIA) and (b)(7)(F)
friendlies wounded in action (FWIA). The Marines in the convoy
immediately responded to the explosion by dismounting their vehicles,
attending to the injured, and securing the perimeter. According to
the Marines involved, they received SAF after the explosion.
Consequently, they broke into fire teams, searched/cleared homes in
the area, and identified detainees. Over a period of several hours,
(b)(6), (b)(7)(C) and co-subjects' actions resulted in the deaths of twenty-
four (24) Iraqi civilians and two (2) injured Iraqi children. In the
evening hours of 19Nov05, Marines from 3/1 conducted a battle damage
assessment (BDA) and transported the dead to the Haditha hospital
morgue.

2. On 20Nov05, the 2d Marine Division issued a press release that reported the attack on 19Nov05 as resulting in the deaths of one (1) Marine, fifteen (15) Iraqi civilians, and eight (8) insurgents. On 10Feb06, a TIME magazine reporter contacted the Multi-National Corps-Iraq (MNC-I) regarding information he received from a Sunni-based group that alleged Marines from 3/1 wrongfully killed twenty-four (24) Iraqi civilians on 19Nov05. The Sunni group supported the allegation with video footage that contained images of the dead at the Haditha hospital morgue before the bodies were released to family members on 20Nov05.

3. On 14Feb06, Lieutenant General USA, MNC-I directed a U.S. Army administrative inquiry (AR 15-6) and appointed COL USA, as the Investigating Officer (IO). On 03Mar06, COL submitted the results of the investigation, revealing that as a result of the 19NOV05 incident, Iraqi civilians (men, women, and children) were killed. MNC-I in turn recommended further investigation by the Army’s Criminal Investigation Division (CID) or the Naval Criminal Investigative Service (NCIS).

4. On 12Mar06, Major General USMC, Commanding General, I MEF (Forward) and MNF-W, requested NCIS conduct a criminal investigation regarding the Iraqi civilians killed by Kilo Company Marines of 3/1 on 19Nov05. On 13Mar06, NCIS initiated the investigation and a team of agents traveled to the Forward Operating Base (FOB) Haditha Dam, Iraq.

5. On 17Mar06, Multi-National Force-Iraq (MNF-I) issued a press release announcing there would be a second AR 15-6 investigation regarding potential misconduct by the Marines after the IED attack in Haditha. On 19Mar06, Lieutenant General USA, as the IO for the second AR 15-6 investigation. Emphasis was to be on the training and preparation of the Marines prior to engagement and the reporting of information concerning 19Nov05 at all levels of the chain-of-command from patrol through MNF-W and MNC-I.

6. As reported under References (A)-(C), initial investigative efforts included a preliminary death scene examination; interviews, interrogations, re-interrogations of several 3/1 Marines; and interviews of numerous Iraqi witnesses. The results of the foregoing investigative efforts are as follows:

a. IED BLAST: On 19Nov05 between 0700 and 0716, a -vehicle convoy of Kilo Company, 3/1, was ambushed in Haditha, Iraq, in a coordinated attack involving an IED and reported SAP while traveling with ISF personnel, killing one (1) Marine and wounding
b. TAXI (5 killed): Moments before the attack, the lead vehicle in the convoy motioned an approaching taxi to the side of the road. When the IED detonated soon thereafter, the Marines dismounted, prepared a defensive position, and began to render aid to the wounded. The taxi’s five (5) occupants exited the vehicle and according to U.S. and Iraqi witnesses, were shot by as they stood, unarmed, next to the vehicle approximately ten (10) feet.

in front of him. [b][6], (b)(7) who witnessed the shooting, to say, if questioned, that the Iraqis had attempted to flee and were shot by ISF personnel. [b][6] admits to shooting the five (5) bodies on the ground after initially shot them. [b][6] advised [b][6] also walked over to the bodies and shot the five (5) Iraqi males again, while standing within a foot of them.

c. HOUSE #1 (6 killed): A quick reaction force (QRF), led by _____ USMC, arrived at the IED blast site within fifteen (15) minutes (between approximately 0715 - 0730). The QRF attended to the casualties and prepared to remove them from the scene. After receiving a report from [b][6] and [b][6] that SAF was observed coming from the vicinity of a nearby house (house #1), instructed a fire team to "take the house." First, [b][6] fired rounds with a M203 grenade launcher toward house #1. Then a fire team consisting of [b][6], [b][6] conducted a forced entry into house #1. All members of the fire team reported they were not receiving SAF upon their approach to house #1. [b][6] conducted a forced entry into house #1 and shot and killed an unarmed Iraqi female in the hallway. Certain members of the fire team reported hearing the sound of an AK-47 "racking" and two (2) fragmentation grenades were thrown into a room on the left, but only one (1) exploded. [b][6] then cleared a room on the right of the hallway, killing an unarmed Iraqi male adult. At that time, an unidentified Marine reportedly yelled that there was someone running from the house. This caused the fire team to cease the clearing operation and immediately exit house #1 toward house #2. [b][6] recalled the fire team later returned to house #1 with [b][6] who reportedly cleared a room by firing his 9mm pistol into it. Additionally, [b][6] advised he entered a room after [b][6] shortly thereafter, both he and [b][6] shot approximately four (4) people, none of which were standing. [b][6] explained he shot these individuals because [b][6] shot them first and believed the entire house was "hostile." The re-entry of house #1 reported by [b][6] is consistent with the accounts of both [b][6] and an Iraqi woman who survived the clearing/attack of house #1. _____ stated she fled the house in the brief period when the Marines initially departed toward house #2. A total of six (6) Iraqis were killed in house #1, including two (2) women and one (1) child. No weapons were found.

d. HOUSE #2 (8 killed): Prior to entering house #2, an unarmed Iraqi adult male was observed standing inside the front door of the house facing out. This individual was shot and killed by [b][6] who was reportedly told by [b][6] to treat the house as "hostile." Upon entering the house, the fire team used three (3) fragmentation grenades in two (2) unoccupied rooms but according to statements, only two (2) of those exploded. [b][6] reported hearing [b][6] firing into a room and responded by joining him. Upon entering the room, [b][6] stated he observed a body in the doorway, and then positively identified an unarmed woman and children on or around the bed before shooting. Similar to house #1, [b][6] stated he began shooting because [b][6] had already engaged the individuals with
gunfire and he felt this meant there was a threat. A total of eight (8) Iraqi civilians, including five (5) children, were killed. No weapons were recovered in house #2.

e. OBSERVATION POST (1 killed): After houses #1 and #2 were cleared, the fire team cleared two (2) additional unoccupied homes in the area before moving to the observation post (OP) site. The OP was established around 0830. Some members of the fire team posted themselves on the rooftop of the OP. At approximately 0845, Marines manning the OP reportedly observed an unarmed Iraqi male running on a ridgeline in the vicinity of house #1. [b][6].(b)[7](C) fired shot(s), killing the individual (later identified as a household member of house #1). Some time later, the OP observed one (1) or two (2) unidentified Iraqi males looking at them from another nearby house, hereafter referred to as house #4. At approximately 0945, [b][6].(b)[7](C) [b][6].(b)[7](C) and [b][6].(b)[7](C) decided to approach the house and investigate.

f. HOUSE #3 (0 killed): The events surrounding houses #3 and #4 are less clear as witness and survivor statements differ significantly from those provided by the Marines. According to Marine accounts, they approached houses #3 and #4 because they observed male(s) outside of houses #3 and/or #4 watching them while the Marines were at the OP. Prior to arriving at house #4, the Marines passed by house #3 where the Marines reportedly encountered women and children. The Marines stated they asked the women where the men were and the women directed the Marines next door to house #4. Subsequently, [b][6].(b)[7](C) remained at house #3 with the women while [b][6].(b)[7](C) and [b][6].(b)[7](C) proceeded to house #4. In contrast, Iraqi witness statements indicate that only a man, woman, and their fourteen-year-old son occupied house #3. The Marines questioned the three (3) family members of house #3 about the IED and about the occupants of house #4. The three (3) Marines then reportedly removed the three (3) family members and escorted them to the adjacent home, house #4. According to Iraqi witnesses, an AK-47 was voluntarily retrieved from house #3 after the Marines questioned them while standing in front of house #4. No one was killed in house #3. According to Marines, no weapons were recovered from house #3. However, the Iraqi witnesses related one (1) AK-47 from house #3 was handed over to the Marines.

g. HOUSE #4 (4 killed): [b][6].(b)[7](C) reported entering house #4 and encountering four (4) Iraqi males, at least one of which was armed with an AK-47. [b][6].(b)[7](C) killed the armed Iraqi male when he allegedly raised the weapon in the direction of [b][6].(b)[7](C) and [b][6].(b)[7](C). Additionally, [b][6].(b)[7](C) reportedly shot and killed the three (3) other men with his 9mm pistol in the clearing operation. [b][6].(b)[7](C) subsequently shot into the four (4) bodies with his M-16 rifle. Iraqi witnesses/surviving family members from house #3 and #4 provide different accounts. The key difference surrounds the Marines' approach to house #3 and interaction with the occupants of house #4. Iraqi witnesses indicate the three (3) family members from house #3 (one (1) adult male, one (1) adult female, and one (1) teenage male) were escorted to an area in front of house #4. Shortly thereafter, the occupants of house #4 (four (4) adult males, three
(3) adult females, and one (1) infant) were brought out of the house to the same area in front of house #4. The Marines reportedly separated four (4) of the adult males from the group of family members and directed them into house #4. The remaining family members were directed into house #3. Subsequently, the family members in house #3 reported hearing shots fired in house #4 and observed the Marines leaving the area. After the Marines departed, family members reported finding the four (4) adult males dead in house #4. Marine reports regarding the number of weapons recovered from house #4 vary, ranging from one (1) to three (3) AK-47s. Iraqi witness statements indicate that there was one (1) AK-47 in house #4 but said it was surrendered to the Marines after they questioned the family members in front of house #4 (at or about the same time the AK-47 from house #3 was provided to the Marines).

h. At approximately 1245, SGT [b](6), [b](7)(C) USMC, Human Intelligence Exploitation Team (HET) arrived at the scene with the 2nd QRF and began to collect potential intelligence, take photographs of the deceased, and interview detainees.

i. During the late afternoon, Marines were directed to document the scene and conduct what has been characterized as a BDA. LCPL [b](6), [b](7)(C) USMC were instructed to mark/count [b](6) and take photographs of the deceased. These photographs were later provided to Kilo Company's Combat Operations Center (COC) where an unidentified Marine reportedly downloaded them.

j. In the late evening hours, Marines removed the deceased from the five (5) different locations (Route Chestnut, house #1, ridgeline, house #2, and house #4) and loaded them into HMMWVs for transportation to the Firmbase located within Haditha, and later to the Haditha hospital morgue.

7. Since the submission of References (A)-(C), investigative efforts have included interviews and re-interviews of 3/1 Marines, interviews and re-interviews of Iraqi witnesses, and acquisition of various electronic media that contained photographs pertaining to the events that occurred on 19Nov05 in Haditha, Iraq.

NARRATIVE
1. This investigation pertains to potential violations of Article 118 (Murder) and Article 81 (Conspiracy) of the Uniform Code of Military Justice (UCMJ). The remainder of this report is presented in four (4) sections that are organized in the following manner: The first section addresses several interview results of 3/1 members that participated in or were present for events that occurred on 19Nov05 and/or 20Nov05. These events include but are not limited to the ambush of the Marine convoy on Route Chestnut, recovery of the HMMWV wreckage, handling of detainees, gathering of intelligence, medical evacuation and treatment of the injured, photography of the IED site, and actions conducted by officers. The second section summarizes interviews of non-military members including an embedded photojournalist, friends that corresponded with a corpsman who witnessed relevant events, and interpreters who provided translation.
services in Iraq. The third section outlines Iraqi witness accounts of what occurred in Haditha to them or their family members on 19Nov05. The fourth section discusses the death scenes and evidence recovery.

SECTION I - 3/1 MARINES IN THE AMBUSHED CONVOY

2. On 31May06, [b](6), [b](7) noted he was contacted and advised he had told NCIS everything he was able to and that he "went for a lawyer." [b](6), [b](7) explained he sought legal counsel due to the pressure from the "guys" at his command in that several of them have asked him why he has not obtained an attorney. [b](6), [b](7) noted he did not want [b](6), [b](7) to know he had been talking to NCIS. Exhibit (228) pertains.

3. On 31May06, [b](6), [b](7) was contacted regarding his welfare. [b](6), [b](7) stated he was doing well and was not having any additional stress about the investigation. Exhibit (229) pertains.

4. On 09Jun06, [b](6), [b](7) USN, was re-interviewed regarding his recollection of what occurred on 19Nov05. [b](6), [b](7) was in the third HMMWV of the convoy that was struck by an IED on 19Nov05. [b](6), [b](7) advised his prior two (2) statements were accurate but provided the following additional details:

a. IED BLAST: Prior to the IED blast, [b](6), [b](7) attention was directed at one of the ISF members that was standing up in the back of HMMWV #2 as the convoy turned onto Route Chestnut. [b](6), [b](7) yelled at the ISF member to sit down. At this point, [b](6), [b](7) crossed the median that separated the east and west bound lanes on Route Chestnut. [b](6), [b](7) noted the other [b](7) vehicles remained in the right lane. Additionally, [b](6), [b](7) noted the fourth HMMWV was closer to their vehicle than normal (they usually attempt to stay 40 meters apart). As [b](6), [b](7) turned away from the Marines in the fourth HMMWV, he felt the IED blast and noted [b](6), [b](7) drove the vehicle another 20 feet before stopping. [b](6), [b](7) jumped out of the HMMWV and overheard [b](6), [b](7) having trouble getting out of the vehicle. [b](6), [b](7) stated he then ran toward the injured and noticed a white vehicle twenty (20) feet to the left of their HMMWV.

b. TAXI & SAF: [b](6), [b](7) noted the white vehicle was parked so that the third HMMWV's front bumper was even with the bumper of the white vehicle. While he ran to the fourth HMMWV, [b](6), [b](7) heard M-16 fire behind him. [b](6), [b](7) also heard AK-47 fire but noted there was more M-16 fire than AK-47 fire. From the north [b](6), [b](7) saw incoming fire that impacted to the left of the third HMMWV and within five (5) to twenty (20) feet from him. [b](6), [b](7) returned fire to the two (2) males he identified with weapons to the north. Shortly thereafter, [b](6), [b](7) reached LCPL TERRAZAS and determined he was dead. [b](6), [b](7) then checked on [b](6), [b](7) and attempted to free [b](6), [b](7) from underneath the fourth HMMWV. During this time [b](6), [b](7) noted there was no SAF. While he worked on [b](6), [b](7) and [b](6), [b](7) came to the wreckage of the fourth HMMWV and [b](6), [b](7) passed the casualty information to them. The QRF arrived subsequently and assisted [b](6), [b](7) with the injured. At
U.S. NAVAL CRIMINAL INVESTIGATIVE SERVICE

this point, [b][6] recalled looking west onto Chestnut and saw a fire team heading north off the road. [b][6] could not identify the Marines in the fire team, but saw the white vehicle with its doors open and Marines congregating around it. [b][6] started to work on [b][6] when [b][6] heard someone fire a M-203 round towards the south. [b][6] advised the only Marines equipped with M-203 grenade launchers in the area were [b][6]. Moreover, [b][6] opined the QRF members did not have enough time to assess the tactical situation. Therefore, [b][6] believed either [b][6] or [b][6] fired the M-203 round. As [b][6] rode away from the blast site with the injured and the QRF, he saw bodies lying around the white vehicle, what appeared to be bloodstains, and a “plume of smoke coming from the south.”

c. FIRMBASE: After the injured were medically evacuated, [b][6] returned to the Firmbase where he remained for the rest of the day. While at the Firmbase, the COC watch officer, SSgt [b][6], informed [b][6] that the [b][6] wanted to speak with [b][6]. In turn, [b][6] met [b][6] in the COC and answered [b][6] questions about what had happened. Later that evening around 2100, [b][6] advised all members of 3rd Platoon, including SSgt [b][6] and the platoon commander, [b][6], were called into the briefing room. During the meeting, the command officer, [b][6], talked to the platoon about the loss of TERRAZAS. [b][6] also commented, “Whatever decision you guys made today, whatever you did today was on me, because I put you there and I made the calls.” [b][6] estimated the meeting lasted about ten (10) to fifteen (15) minutes.

Immediately after the meeting, [b][6] approached [b][6] and returned a 9mm pistol with an empty magazine, (fifteen rounds expended) and the other magazine half full (approximately eight rounds were gone). [b][6] asked [b][6] where all the rounds were and [b][6] said, “Sorry I had to pop your nine-mil’s cherry.” [b][6] asked [b][6] what he meant and [b][6] said, “The number was nine and most of them were headshots.” Shortly after the meeting, the COC sent 3rd Platoon and some members of 2nd Platoon, including [b][6], to collect the bodies. About two (2) hours later, [b][6] returned to the Firmbase and spoke to [b][6] about how he was “shaken up” from moving the bodies. [b][6] also met with [b][6] and [b][6] also commented from the night before.

d. [b][6] The following morning on 20Nov05, [b][6] overheard another Marine (possibly CPL [b][6]) talking about the bodies with [b][6]. When asked about who killed most of the people, [b][6] related most of the twenty-one (21) bodies were killed by him, [b][6] and [b][6] noted this was the first time he heard the number of dead besides [b][6]’s comment from the night before.

e. [b][6] On 21Nov05, [b][6] saw [b][6] at the Haditha Dam and they asked each other how the other was doing. [b][6] said he was not doing too well, was “tired of all this shit,” and did not feel like doing it anymore. [b][6] noted he did not want to leave the Firmbase anymore. [b][6] believed [b][6] was distraught and told [b][6] to talk to [b][6] any time.

When the convoy reached the site around 1045-1100, they recovered TERRAZAS' body and loaded the damaged HMMWV onto their flatbed truck. While on-scene, several of the MTU members observed a white four-door vehicle located on the south side of Route Chestnut with its doors ajar and dead Iraqi males lying on the ground near the vehicle. home with a head wound. The Iraqi further advised a second man with an abdominal wound had been with the man in his home, but had kept running. [b](6), [b](7)(C) related this information to [b](6), [b](7)(C), who decided they should go investigate the injured Iraqi inside the home.

[b](6), [b](7)(C) was unable to question the injured Iraqi who was incoherent. opined the injured Iraqi was likely not from the community because he had no identification on him and none of the occupants of the house had ever seen him before. [b](6), [b](7)(C) noted the injured male Iraqi had [b](6), [b](7)(C) that [b](6), [b](7)(C) suspected were from prison. Based on the foregoing facts, [b](6), [b](7)(C) opined the injured male was an insurgent. While they were waiting for a medical evacuation for the injured Iraqi, [b](6), [b](7)(C) arrived with two (2) ISF members, an unknown Marine, and two (2) Iraqi children, a boy and a girl. The girl was crying and stated someone came into her house and threw grenades killing her family. When [b](6), [b](7)(C) questioned [b](6), [b](7)(C) about what had happened, [b](6), [b](7)(C) related the Marines assaulted a couple of houses where they had been receiving fire. [b](6), [b](7)(C) told [b](6), [b](7)(C) the Marines reported hearing an AK-47 racking on the other side of the house and they responded by throwing grenades into the room, killing the occupants, with the exception of the two (2) children. [b](6), [b](7)(C) estimated they were at the house with the injured male for a total of two (2) hours. [b](6), [b](7)(C) stated the injured man and two (2) children were flown out by a helicopter and the other men in the house were detained for further questioning.

b. After getting a debrief from [b](6), [b](7)(C) returned to the white car with [b](6), [b](7)(C) and two (2) other unknown Marines as his security detail at approximately 1330. [b](6), [b](7)(C) asked the team who had opened the doors to the car and was told EOD had processed the car. Another unknown Marine advised [b](6), [b](7)(C) that eight (8) AK-47s were found with the car. No one had any information about the location of the (8) AK-47s. [b](6), [b](7)(C) stated a Marine gave him a plastic bag containing some notebooks, one identification card and a couple of cassettes that EOD had gathered from the car. [b](6), [b](7)(C) located the vehicle registration, which matched the ID card he found on one of the dead bodies near the car. [b](6), [b](7)(C) opined the car appeared to be civilian vice a taxi since there was no placard or painting on the car indicating it was a taxi. [b](6), [b](7)(C) sorted through the personal belongings in the trunk and found no weapons. After searching the car, [b](6), [b](7)(C) focused on the five (5) bodies lying five (5) to fifteen (15) meters from the car. Body #1 was lying face up with gunshot wounds (GSWs) to his face and upper body. Body #2 was lying face up with a GSW to his upper body. Body #3 was lying face up with a GSW to his back. Body #4 was lying face down with a GSW to his head and body #5 was lying face down with GSWs to his upper body. By reviewing the pictures he took that day, [b](6), [b](7)(C) opined one of the bodies was turned over due to the dirt on the back of his head and the blood pool being inconsistent with the positioning of the body.

[b](6), [b](7)(C) did not recall seeing any shell casings near the body, which was consistent with [b](6), [b](7)(C)'s account of the Marines shooting them from their convoy position.
identification cards from the five (5) bodies.

c. (b)(6). (b)(7)(C) related at approximately 1300 he received a debrief from (b)(6). (b)(7)(C) (b)(6). (b)(7)(C) told (b)(6). (b)(7)(C) the following account: An IED hit their convoy and they had to stop to assess the damage. When they stepped outside of their HMMWVs, they started to receive SAF from the north and south. A white car was heading in the direction opposite of the convoy. After the IED blast, the occupants got out of the car and started running south while his Marines fired upon the occupants. At the same time, they were receiving fire from the south, so a team of Marines went after the threat in the south and reportedly entered a house. In the house, the team heard an AK-47 racking on the other side of the wall, so the Marines threw grenades into that room. The team then followed one of the men into the house next door, where the team saw a man standing in the doorway, holding an AK-47. Meanwhile, another team of Marines moved north to determine where the SAP was originating. The team in the north secured several detainees with passports and money and located a possible trigger house for the IED. (b)(6). (b)(7)(C) also noted to (b)(6). (b)(7)(C) that a team of Marines had fired upon individuals in a house west of Route Viper and north of Route Chestnut. (b)(6). (b)(7)(C) did not know which houses (b)(6). (b)(7)(C) himself entered.

j. POSSIBLE TRIGGER HOUSE: then visited the house the
Marines thought was the trigger house, based on the fact that it was under construction and had a blanket in a room with a window that had a direct view of the IED site. the Battle Update Brief (BUB) when CAPT [b](6), [b](7)[(C) interrupted the
briefing and informed the command members of the IED blast. The

occurred utilizing surveillance from the UAV and reports from Kilo
Company. [b](6), [b](7)[(C) explained he and [b](6), [b](7)[(C) the Operations

documentation found on the bodies, profiling, and proximity of
weapons to the bodies. [b](6), [b](7)[(C) advised he was not aware of the
squad on Route Chestnut firing upon any vehicle on Route Chestnut.
[b](6), [b](7)[(C) advised in his opinion, Regimental Headquarters did not
initiate an investigation into the deaths because of a "Troops in
Contact" (TIC) caveat, which implied an engagement with clear hostile
troop resistance.

b. PRESS RELEASE: [b](6), [b](7)[(C) added he and other battalion personnel
were aware of the inaccurate press release regarding the activities
near Route Chestnut; however, they did not formally protest the
inaccuracies because they "were busy and it did not seem important."

c. PHOTOGRAPHS: [b](6), [b](7)[(C) advised he was aware that [b](6), [b](7)[(C)
